

LOS ANGELES

LOS ANGELES, July 25, 1927. (AP)—President Coolidge has "an outstanding executive ability which, in any line of business would insure his success." Mr. H. Gary, chairman of the board of the United States Steel Corporation, declared in the current issue of Collier's Weekly.

GARY LAUDS PRESIDENT AS LEADER. Steel Chief's Comment on Coolidge Executive Ability Quoted in Magazine.

NEW YORK, July 24. (AP)—President Coolidge has "an outstanding executive ability which, in any line of business would insure his success." Mr. H. Gary, chairman of the board of the United States Steel Corporation, declared in the current issue of Collier's Weekly.

THE article says the Chief Executive "admits himself, takes a short walk, sits at breakfast and is at his desk in the executive office before 9 o'clock and 9 o'clock. Sometimes he is there at 8. He first reads the newspapers. Then his mail is brought in. He dictates answers. Sometimes he indicates his reply in longhand on the margins of the letter."

At 10 o'clock his round of appointments begins. These last until 12 he receives delegations of visitors. After lunch more appointments, but these in the main are with persons whom he has asked to see. A rule they are government executives—his aides.

PUBLISHER DECORATED FOR FLIGHT. Rousing Reception Given Van Lear Black in Holland After Indies Trip.

AMSTERDAM, July 24. (AP)—Van Lear Black, Baltimore publisher, was received enthusiastically yesterday at his arrival at the Schiphol Airport in his chartered airplane, completing a round trip to the Dutch East Indies.

Mr. Black was received by Minister of Public Works Vandervegt who congratulated him in behalf of the government and announced that Queen Wilhelmina had conferred on him the Oranjes Nassau Order in recognition of his work in the cause of aviation. The minister also announced that Pilot Scholte and Geynders will be honored similarly.

The burgomaster made a speech of welcome and silver medals were presented to the aviators by the municipality and Dutch aviation societies. After the ceremonies of welcome Mr. Black made a triumphal progress to the city of Amsterdam and was guest of honor last night at a banquet.

Among those who greeted the American publisher was Gen. Snyder, head of the Dutch air force, and other officials. During his thirty-nine days' trip Mr. Black covered almost 20,000 miles.

GARIBOLDI WRITES BOOK. MAYANA, July 24. (AP)—Col. Riccardo Garibaldi, grandson of the Italian patriot, who was deported from France some months ago on charges of being involved in the Calabrian conspiracy against Spain, has written a book in an effort to clear his name of accusations that he had betrayed his friends in Italy.

RAID UNCOVERS PLOT OF REDS FOR POLISH UPRISING. WARSAW, July 24. (Exclusive)—A conspiracy for a Bolshevik uprising in Poland was uncovered by the police today, when they raided the headquarters of the red committee of the Polish revolution.

Evidence showing the connection of the Bolsheviks with the Vienna uprising was seized and 40,000 proclamations calling on the Polish proletariat to rise and unite with Soviet Russia were found. A secret Polish newspaper, also was seized. Arrests were made throughout the day and now total nearly 100. The police declare they have broken the back of the conspiracy.

WINDSTORM IN IMPERIAL CUTS PHONE SERVICE. BRAWLEY, July 24. (AP)—A windstorm today swept the southern part of Imperial Valley and extended into Arizona, taking out several telephone and telegraph lines. No other damage was reported.

NOTED BRITISH ARMY CHIEF IN INDIA DEAD. LONDON, July 24. (AP)—Brig-Gen. Reginald E. H. Dyer, former commander of the British troops in India, died last night at Long Ashton, near Bristol. Brig-Gen. Dyer was the subject of an investigation in connection with the asserted massacre of many civilians at Amritsar, British India, in the spring of 1919, in the course of his ruthless suppression of the Punjab rebellion.

EARTHQUAKES ROCK AREA NEAR TEHERAN. TEHERAN, July 24. (Exclusive)—Continual earthquake shocks are reported from all over the country. In one district a hillside was dislodged blocking the public road, while telegraph stations report serious heavy damage. Shocks also were felt at Teheran but no damage was reported.

SAN BENITO FIRE SPREADS INTO THREE COUNTIES. COALINGA, July 24. (AP)—Fire which has been sweeping through the rugged mountain sections of San Benito county for the past five days crossed the county line during last night and today was burning with unabated fury through sections of Monterey and Fresno counties, near where the three counties join.

TRUCK HELD INEVITABLE. NEW YORK LINES FACE TIE-UP. Companies Make Preparation to Continue Operations Despite Walkout. Surface, Elevated, Subway Systems to Be Affected If Break Comes.

NEW YORK, July 24. (Exclusive)—With all hope of averting the threatened transit strike in Manhattan and Brooklyn scheduled for midnight Tuesday virtually abandoned, the traction companies, Transit, Subway and city authorities concentrated their attention today on preparations to meet the situation.

While the Interborough, the B.M.T. and the Brooklyn City Railway Company, against whom the strike will be directed by the Amalgamated Association of Street and Electric Railway Employees, were preparing to keep the lines running regardless of the extent of the tie-up, the subway and elevated structures and the Transit Commission were busy working out emergency plans designed to cope with the threatened paralysis of subway, elevated and surface-car communications. Detailed announcements of these measures are expected today.

POLICE MOBILIZED. Simultaneously, the police under direction of Chief of Police Lahey are preparing to accord full protection to life and property and to cooperate with the transit companies in helping them to keep the lines going.

"You can say that when the strike comes it will be a 100 per cent tie-up," said James H. Coleman, president of the Amalgamated, tonight. "We are well organized, well financed and we will win, understood by the public."

At 6 o'clock this afternoon the I.R.T. posted the following notice at the headquarters of the Interborough Brotherhood, the company union:

"In view of the threats of a strike by the Amalgamated Association, measures are under way to provide food, lodging and adequate protection for all employees who may be called upon to maintain the lines in connection with the work."

This was the first official action taken by the I.R.T. to meet the strike threat. "We are ready for all emergencies and lodging and adequate protection for all employees who may be called upon to maintain the lines in connection with the work."

Mr. Kinley was married in 1922 to Capt. John C. Kinley, British consular officer in Shanghai. Later when she wished to return to America she was informed that she had lost her citizenship and could be admitted only on a visitor's visa. This will expire August 18, next.

He announced that she intends to fight exclusion and said: "If I leave this country on or before August 15 immigration authorities will have to carry me out bodily. I will not obey the order."

CAVALRY TO BATTLE AIR CORPS UNIT. Texas Maneuvers to Aid Problems in Observation; Ordnance Tests Planned.

WASHINGTON, July 24. (AP)—Uncle Sam's Cavalry and an Army Air Corps unit will co-operate tomorrow in working out war problems on the largest scale ever attempted in this country between mounted troops and aircraft.

Simultaneous with this announcement the War Department also said that beginning September 1, the Ordnance Department proposed to start a two months' test of new equipment that it has developed to repulse airplane attacks. The anti-aircraft tests will be held at the Aberdeen proving grounds, Maryland.

The joint cavalry-aircraft maneuvers will be held near Fort Bliss, Tex. The plans call for an air attack on the mounted troops and also the working out of problems in scouting and observation with particular emphasis upon intercommunication between the air and land units.

Forty-two graduates of the Army's advanced flying school at Kelly Field, Tex., will command the planes in the maneuvers, while the First Cavalry Division will constitute the mounted troops' detachment.

Maj. Chaney will command the flying unit, and Brig.-Gen. Winans will command the troopers. The proposed anti-aircraft tests in Maryland are the first extensive anti-aircraft tests held by the Army this summer and coming, as they do on the heels of the recent achievements of American airmen in covering long distances, are expected to arouse considerable interest in aeronautical circles.

The newest anti-aircraft cannon and machine guns as well as sound locators and fire-control apparatus and searchlights will be tried out against targets towed by airplanes.

COUNTRY TO LOCK GATES ON WRITER. Peggy Hull Must Quit United States Because of Marrying Englishman.

NEW YORK, July 24. (AP)—Mrs. Peggy Hull Kinley, a native of Bennington, Kan., who won commendation from Gen. Pershing and Gen. March for her work as a war correspondent with American troops in France and Siberia, has been notified by the immigration authorities that she must leave the country on a visitor's visa has been denied.

Kinley was married in 1922 to Capt. John C. Kinley, British consular officer in Shanghai. Later when she wished to return to America she was informed that she had lost her citizenship and could be admitted only on a visitor's visa. This will expire August 18, next.

He announced that she intends to fight exclusion and said: "If I leave this country on or before August 15 immigration authorities will have to carry me out bodily. I will not obey the order."

Northern Army Reports Taking of Suchow-Fu. PEKING, July 24. (AP)—Gen. Chang Tsung-Chang, Civil Governor of Shantung and one of the leading northern generals, has reported that he occupied Suchow-Fu this morning.

Suchow-Fu is an important railway junction in the northern section of Kiangsu, which borders the Province of Shantung, and if the occupation is confirmed it would mean a serious blow to the Nationalist forces of Gen. Chiang Kai-Shek out of Shantung.

THE last legal detail in procuring a divorce for Mrs. Margaret St. John and Catholic had been adjusted. The religious demands of Lena's parents, their insistence that the children, their union be married in the Catholic faith, had been settled to the satisfaction of priest and family.

Two points at Lena's last night fire. "Would Lena's family still unswerving by Mrs. Stillman, attend the wedding and would the fight for possession of the Wilson home (presented last year by Mrs. Stillman to Lena's family) mark the happiness of the colorful fete champagne planned for Tuesday?"

Father L'Ami, smiling happily and speaking in French, was certain that no cloud of discontent would mar the day of the wedding day.

"Yes, yes, Lena's mother and her sisters will be at the wedding—wait and see."

But there was no indication of a time like this. They are young and beautiful, these young people, Lena and Mrs. Stillman is a wonderful couple. Wait and see, they will see that everything is all right and I have had a talk with Lena's mother. All else was everything there."

But there was no indication of a time like this. They are young and beautiful, these young people, Lena and Mrs. Stillman is a wonderful couple. Wait and see, they will see that everything is all right and I have had a talk with Lena's mother. All else was everything there."

THE happiness of two people was at stake, and Clifford seemed to be the only person who might save it; What of Mary Regan?

COURTNEY TESTS RADIO AND MOTOR FOR OCEAN HOP. SOUTHAMPTON, July 24. (AP)—P. T. Courtney, the British aviator, in preparation for the start of his projected flight to New York, gave the wireless and motors of his flying boat, the Whale, a tryout this afternoon. Everything apparently worked to perfection, but Courtney made no trial flight.

The weather forecasts still are severe, but the aviator says he is ready to hop off the moment the Atlantic sea abates. He is even ready to risk a little bad weather, if only he can get away from his boat.

MENTAL TROUBLES BLAMED IN SUICIDE. MAURICE E. CRUMPACKER. Congressman Kills Self.

WASHINGTON, July 24. (Exclusive)—Maurice E. Crumpacker, United States Representative in Congress from Portland, Ore., committed suicide by jumping from the rocks at the foot of Hyde street into San Francisco Bay shortly before 4 o'clock this afternoon.

The Congressman died of submergence despite the application of an inhalator while an ambulance was taking him to Central Emergency Hospital.

Mr. Crumpacker's suicide occurred about fourteen hours after he had been released from Central Emergency Hospital, where he was taken last Saturday night when police found him slumped on the curb in front of St. Mary's Cathedral.

LEGISLATOR KILLS SELF. Congressman Crumpacker Leaps in Bay.

M. E. Crumpacker of Oregon Commits Suicide After Recent Aberration.

Representative Pulled Out of Water and Subjected to Inhalator in Vain.

SAN FRANCISCO, July 24. (Exclusive)—Maurice E. Crumpacker, United States Representative in Congress from Portland, Ore., committed suicide by jumping from the rocks at the foot of Hyde street into San Francisco Bay shortly before 4 o'clock this afternoon.

The Congressman died of submergence despite the application of an inhalator while an ambulance was taking him to Central Emergency Hospital.

Mr. Crumpacker's suicide occurred about fourteen hours after he had been released from Central Emergency Hospital, where he was taken last Saturday night when police found him slumped on the curb in front of St. Mary's Cathedral.

ACTS QUEERLY. He declared that he had taken poison and was determined to die. A large man, weighing 340 pounds, he gave police and hospital attendants a stiff battle before he was subdued.

His hospital authorities surrounded his patient with great secrecy. At the hospital, records stated that Mr. Crumpacker induced him to enter a room.

At 3 a.m. today he was released at his own request. At 4 a.m. Thomas Smart, a Seattle newspaper man, came upon Crumpacker wandering dazedly and talking incoherently in the lobby of the St. Francis Hotel. The Congressman, according to Mr. Smart, really seemed to go to bed. Mr. Smart finally induced him to enter a taxi and they drove to the home of John Palmer, a San Francisco representative of a press association.

There Mr. Crumpacker lay down, slept for some hours, got up and ate breakfast and shortly after 3 p.m. suggested to Mr. Smart that they take a walk.

"Mr. Crumpacker talked quite rationally as we walked along," said Mr. Smart, "and I felt sure that he was almost sane. He seemed to be in a nervous state he had been in the night before. We chatted of commonplace things and he made no reference whatever to his hospital experience or his illness."

Just as they reached the dock at the foot of Hyde street, Mr. Crumpacker suddenly turned and said, "Tell everybody good-by."

Mr. Smart, realizing his friend's intention, grappled with him. They went down together, Mr. Crumpacker on top.

"He stood up, shoved me away with one hand and darted for the rocks beside the dock with the other," Mr. Smart said. "He leaped off without another word."

"Mr. Crumpacker sank below the surface," Mr. Smart said. "I then bobbed up and began swimming about. A number of other men and myself waded in after him, grabbed him and started to pull him ashore. He tried to fight us off, but some body got a rope from the dock and we tied this around him and we hauled him in."

DIES IN AMBULANCE. An ambulance had been sent for in the meantime. The Congressman never regained consciousness, and breathed his last while the ambulance was still several blocks from the hospital.

Mr. Crumpacker came to San Francisco Friday morning with Nicholas Longworth of Ohio, Speaker of the House of Representatives. "I am here to visit to former Senator James D. Phelan at San Francisco," Mr. Phelan had invited Mr. Crumpacker to join the party there today.

FRIENDS SHOCKED BY LEGISLATOR'S DEATH. PORTLAND (Ore.) July 24. (AP)—News of the death of Maurice E. Crumpacker shocked his friends.

BEVERLY HILLS, July 24. That's fine, but how about the preachers' wives' opinions? I want to hear from them. I believe there are some of those deserving sisters, if they had had a trial marriage, wouldn't be where they are today. There's a race of people I would like to see something done for, even before we exterminate Nicaragua.

A friend of the preachers but a true sympathizer with the wives, DEACON ROGERS.

ARMY DIRIGIBLE GOING SMOOTHLY IN LONGEST TEST. SCOTT FIELD (Belleville, Ill.) July 24. (AP)—The Army dirigible RS-1, en route from Scott Field to Langley Field, Va., on its longest test flight, was reported over Lexington, Ky., at 6 o'clock tonight in a radio message received here from the airship.

The message said that "everything is beautiful," and that the fifteen men aboard were having a "lovely trip." The ship left here this morning.

THE tragedy death by drowning of a

### EXPORTS OF LIQUOR DROPPED IN ENGLAND

Pact With United States for Curbing Run Given Credit for Slump

LONDON, July 24.—(Exclusive)—Exports of liquor from England during the first quarter of 1927, compared with the same period of 1926, show a decrease of 10 per cent, according to the statistics of the Anglo-American committee on liquor control.

The marked decrease in British liquor exports during the first quarter of 1927, compared with the same period of 1926, was particularly striking in the case of the United States, where consignments to the New York market were down 15 per cent.

The committee, which is working for a treaty to curb the liquor traffic, has given credit for the slump to the fact that the United States has been curbing its liquor traffic.

### ANGERED BEES HALT TRAFFIC

Three Swarms Drive Everyone to Cover on Port Huron Main Street

PORT HURON (Mich.) July 24. (Exclusive)—Three swarms of angry bees held up traffic for several hours, driving pedestrians to cover and forcing a temporary halt in motor traffic at two main street intersections.

More than 40,000 of the invaders, named army-like in three squadrons, gathered at Glenwood avenue and Ontario street, and Park and Ontario streets.

The attack began. It grew in ferocity while police pondered the delicate problem. Finally William Blake, a bee expert, living near here, was summoned. Within two hours he gathered the bees together. No bee farm is located near here, and authorities do not know from where the invaders came.

Fifteen barrels were taken during the deliberations.

"We decided in the first hour that all three men were guilty," one juror said. "After that it was a question of punishment."

None of the jurors could say just why the twelve men made a distinction in punishment between Birger and Newman. One said perhaps it was because Birger was the gang leader and Newman only a henchman. But he wouldn't be certain.

Once the jury stood 9 to 3 for the death penalty for all. After hours this reversed itself and it stood 10 to 3 for the death of Birger and Newman and life for Hyland.

Attorneys for all three defendants at once made the usual motion for a new trial, and Judge Miller set it for hearing next Wednesday.

Attorney Smith, Charles A. Karsh, for Birger, announced that Birger will not be hanged until the United States Supreme Court has passed on his case.

### BROAD FARMER BILL IN MAKING

Coolidge Believed Back of Comprehensive Plan

Observers Outline Measure President Favors

Significance Attached to Visit in Nebraska

RAPID CITY (S. D.) July 24. (Exclusive)—Those who have watched the course of President Coolidge's visits with farmers this summer, and have noted the reaction of these callers on farm-relief legislation have reached the conclusion that the administration is to back a farm-relief measure of huge proportions in the coming session of Congress.

In outlining the plan that is forming, according to these observers, is a great co-operative marketing bureau, with a sum appropriated sufficient to tide over any weakness in prices, its method and backing such that the producers of major crops will find it much to their advantage to come into the organization units that will be formed.

What pools, for instance, now formed in five States would come into such a governmental scheme. Control of production is the guiding principle rather than control of surplus price.

President Coolidge's action in visiting at the home of Samuel R. McKelvie, former Governor of Nebraska, in an almost inaccessible mountain retreat yesterday has given color to the report that Mr. McKelvie is to be called upon to take an active part in such a movement.

The ex-Governor is the owner of a farm publication, and is gathering statistics and facts in a survey of the whole mid-west farm situation. He has been interested in State wheat pools which also have the support of Secretary Jardine and believes that within five years the farmers will control the wheat price.

Callers of political bent come away from the President with the idea that he would like to return to office, but that he will take no step as a candidate.

Representative Johnson of this State, who has spent several days in Rapid City, after traveling about his district and State, reports that South Dakota is undoubtedly ready to vote for Coolidge.

On Wednesday the President is to go to Omaha for the "Day of" celebration, where the gold rush flooded these hills with adventurers from the East.

### CURB URGED FOR ALTAR NUPTIALS

Divine Sees Need of Limiting Church Weddings

Would Bar Unbaptized From Ecclesiastic Rights

Plan Given as Antidote for Marital Evils

NEW YORK, July 24. (Exclusive)—Church weddings limited to those who have been baptized and are known by the pastor of the church in which the ceremony takes place are the antidote offered by Rev. Dr. Caleb Rochford Stetson, rector of Trinity Church, to the growing "breakdown of family life," which he declares may even come to the point where trial marriages may be legalized in his annual statement for the year 1926 which appeared in the parish of Trinity Church, released today.

Dr. Stetson pointed out that the church must draw the distinction between the civil contract of marriage and the Christian marriage, and should not be willing to marry people who should really be united by a civil officer only.

"To deny divorce as a growing evil does not get very far toward remedying matters," Dr. Stetson says. "Out of every six couples married it would appear from reports that there is one divorce. There is a definite propaganda for free divorce which seems to be making considerable headway. We may even come to the point where trial marriages may be legalized; or to the condition in Soviet Russia where divorce is granted without question on the application of both or even one of the parties to a marriage."

"No matter what may be the standards of the State with regard to civil marriage, the standards of the church in regard to Christian marriage do not change and cannot change. It is conceivable that some time our courts may come to the point where the government might make polygamy legal; but that would not change the standards of the church or the duty of Christians to live up to those standards. It may even be argued that legalized polygamy has certain features which recommend it as compared with the progressive polygamy and respectable promiscuity toward which we seem to be tending."

### TURTLE HOLDS UP TRAFFIC

Twenty-Pound Wanderer From Marsh Blocks Highway While on Stroll

SAUGUS (Mass.) July 24. (Exclusive)—Traffic along Newburyport turnpike in Saugus, was held up at noon for several minutes recently until a twenty-pound turtle which was making its way leisurely across the busy highway was captured by Motorcycle Patrolman New.

The turtle had wandered from one of the near by marshes to the side of the road, became stalled while half way across and had pulled in its head, waiting until traffic might slow down enough for it to make the rest of the trip in safety. New took the turtle to the Saugus police station and locked it up in one of the basement cells. The reptile, however, must have been related to one of the mock turtle variety, for the police were unable to find it later, despite having been made by tunneling under one of the bars. No reward is offered for its return.

### HENRY FORD IN NEW APOLOGY

Bernstein's \$200,000 Libel Suit Settled

Auto Maker's Retraction Made Public

Action of Writer Based on Jewish Attack

NEW YORK, July 24. (AP)—Settlement of the \$200,000 libel suit brought by Herman Bernstein, writer and editor, against Henry Ford, based on anti-Jewish articles in the Dearborn Independent, was announced today by Samuel Untermyer, Bernstein's attorney. The settlement followed a letter of retraction made public by Untermyer.

As part of the consideration for the withdrawal of the suit, Untermyer said Ford had agreed to cooperate with Bernstein in an effort to obtain and destroy editions of "The International Jew," a book composed of matter taken from articles in the Dearborn Independent, which has been translated into several foreign languages.

In his letter of retraction, Ford wrote to Bernstein:

"You are, of course, familiar with the content of the public retraction and apology for the articles appearing in the Dearborn Independent that I have made and appear in the paper. I sincerely regret any harm that may have been occasioned to the people of that great race and am anxious to make whatever amends are possible."

RETRACT AND APOLOGIZE

"I take this occasion also to retract and apologize for those parts of the articles that appeared in the Dearborn Independent concerning you and for the alleged interview with me assailing you that was published in that paper."

"It was not intended in that article to imply that any of the matters concerning the Jews appearing in the Dearborn Independent were based upon information furnished by you. You have at no time said anything to me that would justify such an inference."

"From the explanations made to me by my counsel through your counsel, Mr. Untermyer, I realize the damage that may have been caused you among the people of your race and in your profession as an author, editor and newspaper correspondent by the articles of which you complain in your suit and the expense, which you could ill afford, to which you have been put by the protracted litigation to vindicate the good name of the Jewish people and your own reputation against the charges contained in those articles."

"I quite agree with you that no more money will make good the harm done you and that it is not in my power to compensate for that injury. Meantime, I should like to pay toward reimbursing you for the expense incident to the suit."

WITHDRAWAL OF BOOK

"I am informed through your counsel that the articles in the Dearborn Independent have been translated into many languages and distributed throughout many countries of the world in book form under the title, 'The International Jew.' Neither I nor the Dearborn Independent are so far as I know, have had anything to do with the translations, publication or distribution and I am not only willing, but anxious, to actively cooperate with you to the end that the volumes shall be withdrawn and destroyed."

"I hope you will accept this assurance of my deep regret for whatever was said in either of these articles. I have been made to realize that the article in which you are charged with having furnished false information on which the publications in the Dearborn Independent were based have brought down upon you the undesired wrath of your people from which you have greatly suffered—both financially and in your peace of mind—and can only hope that this apology will set you right in this respect."

BERNSTEIN'S ACCEPTANCE

Bernstein accepted Ford's retraction and apology in a letter, in which he said:

"Your letter of retraction and apology of the 23rd inst., taken in connection with your previous public statement addressed to the Jewish people, makes the 'amende honorable' to the fullest extent within your power to the right wrongs that from the nature of the case cannot be fully repaired, and is accepted by me without reservation in the spirit in which it is extended."

"I assure you fully realize that no matter how great the wrong and injury to me personally, I would not have brought the suit, nor would Mr. Untermyer have consented to act for me, except as a vehicle and the only responsible means for judicially exposing and disproving the tissue of unpalatable falsehoods and forgeries against the Jewish people."

The Bernstein suit was filed August 18, 1925, and was the first of the actions brought against Ford as the result of the anti-Semitic campaign conducted through the columns of the Dearborn Independent. The suit was based largely on an asserted interview with Ford in which he assailed Bernstein and in which the plaintiff charged that he was credited with furnishing information on which anti-Jewish articles were based. Untermyer's announcement today marks the second settlement of libel suits in which Ford was made defendant by Jews. A week ago the suit of Aaron Sapiro for \$1,000,000 was formally closed in the Detroit (Mich.) Federal Court after Ford had made a public retraction. In neither action was the amount of the money settlements made public.

GEN. STORY GOES NORTH

Scheduled to inspect the One Hundred and Fifty-ninth Infantry during the encampment at Del Monte, Brig-Gen. Walter P. Story has left for the north, following a farewell dinner tendered him in the State armory at Exposition Park. Maj. D. H. Coles of the Regular Infantry addressed the gathering.

### APPOINTEES ANNOUNCED FOR P.T.A.

Several Angelenos Given Chairmanships and Other Posts for Ensuing Year

SAN FRANCISCO, July 24. (Exclusive)—Mrs. F. O. McColloch, president of the California Congress of Parents and Teachers, has announced her list of chairmen and appointive officers for the ensuing year. These appointments have been ratified by the executive committee of the congress and are as follows:

Mrs. E. Fletcher Scott of Los Angeles, corresponding secretary; Mrs. Nellie Scott Lucas of Los Angeles, editor of the Parent-Teacher with Mrs. William Hotle of Sebastia, Mrs. John Sheehan of San Francisco and Mrs. Tom Deering of San Diego as associate editors; Mrs. James K. Lytle of Los Angeles, executive secretary; Mrs. J. E. Squire of Oakland, chairman of the bureau of child development; Mrs. Al B. Smith of Los Angeles, chairman of the bureau of program service; Dr. Harvey L. Rhy of the bureau of rural life; Mrs. J. L. Thornton of Los Angeles, of the bureau of publicity; Mrs. Helen Matlock of Los Angeles, of the bureau of education extension; Mrs. Robert Buncie of Los Angeles, statistician; Mrs. E. F. Ferris of Los Angeles, chairman of State life membership; Mrs. William J. Hayes of Burlingame, of membership; Mrs. E. A. Parker of Riverside of P.T.A. in colleges; Mrs. H. Ward Campbell of Oakland, of P.T.A. in high schools; Mrs. H. R. Archibald of South Pasadena, of P.T.A. in churches; Mrs. E. A. McAteer of Los Angeles, of motion pictures; Mrs. Sam Weil of Oakland, of humane education; Mrs. Elizabeth Hughes of Croville, of kindergarten extension; Mrs. M. W. Burton of Live Oak, of literacy; Mrs. L. E. Behrmer of Los Angeles, of drama; Mrs. E. Ward of Arcadia, of thrift; Mrs. Charles DeWolf of Oakland, of magazine circulation; Mrs. James K. Lytle of Los Angeles, of publication; and Edward W. Rainey of San Francisco, of summer round-up.

### FREE IMMIGRATION TO PALESTINE DEMANDED

JERUSALEM, July 24. (Jewish Telegraphic Agency)—Freedom of Jewish immigration to Palestine heads the list of demands formulated by the Jewish workers of Palestine in a number of resolutions adopted at the convention of the Palestine Jewish Labor Federation, representing all factions of the Jewish labor movement in the country.

### TALK WITH THEIR HANDS?

Those Who Are Equally At Home On Both Sides Of The Atlantic

prefer to cross in a Cunarder

From Lenox or Westbury, to a house in Mayfair—the Boulevard St. Germain... a villa at Saint-Jean-de-Luz... the haut monde flashes back and forth across the Atlantic.

Too modern to over-emphasize tradition, they maintain the family habit of traveling Cunard... because they prefer the suave personal attendance of Cunard stewards... the charmingly furnished rooms... bathrooms tiled and marble-tubbed... the lounge with open fire and a group of familiars fresh from Cannes or Longchamps... wearing celebrity as lightly as a boutonniere.

And because they prefer to dine a la carte on the Atlantic... on Park Avenue... all meals are served superbly to individual order in a Cunarder without extra charge.

### Film Interests in China Aroused by British Move

(Copyright, 1927, by Chicago Tribune)

SHANGHAI, July 24.—The motion-picture interests are seriously concerned over the apparent attempt of local British interests to establish a censorship on American films imported to China. The proposal does not mention American films, but the British municipal officials here are trying to force the adoption of the municipal regulation that "films which do not have the certification of the board of film censors should not be allowed exhibition without the special sanction of the municipal council."

Owing to the fact that the American film industry largely is centered in Shanghai where there are several American-owned film houses as well as distributing organizations, it is believed that the purpose of the British move is to clamp a lid on American films in China. The British interests in China for long have been opposed to the extensive display of American films in China, asserting that they incite the Chinese to disorder, through the inculcation of American democratic ideas. It also is said that the British are trying in this way to open China to British films, which industry now is controlled by the Americans.

### German Town Unveils Tablet to Beethoven

BERLIN, July 24. (AP)—Bad Mergentheim, one of the most popular spas in Germany, has unveiled a tablet to Ludwig von Beethoven.

The only town in Germany outside of his native city of Bonn, in which Beethoven lived and worked, was Bad Mergentheim. Vienna, while a German-speaking city, belonged to Austria even then.

### WORKER IN BOILER SCALDED BY STEAM

BORGER (Tex.) July 24. (Exclusive)—Accidentally turning on the steam in a boiler he was cleaning, R. V. Neal of Borger was severely scalded over the body. He has a fighting chance to recover, physicians say. Neal was inside the big boiler when he accidentally turned on the steam. He was able to escape by crawling through the manhole, but one-third of the surface of his body was scalded.

FLOOD VICTIMS  
IN HOMES AGAINLouisiana Residents Follow  
Receding WatersEmergency Relief Work Near  
Close in DistrictRed Cross Supplies Needs of  
Returning Refugees

NEW ORLEANS, July 24. (Exclusive)—With the slow recession of flood waters from South Louisiana farm lands, the Red Cross is now turning its attention to the closing of the Cajalmaro, a levee, created as an artificial spillway to relieve pressure on New Orleans levees, emergency relief work in this section is practically at an end.

All refugees from South Louisiana areas are expected to be back in their homes within a week and within two weeks the majority of refugees from territory flooded by the artificial levee will be returning. Many flood sufferers who were cared for by citizens of the city are being reimbursed for their losses by New Orleans residents.

Reports from recovering territories report the Red Cross rehabilitation program well under way and that all returning families are being placed in safe homes equipped with the necessities of life. Emergency food and clothing supplies still are necessary for some.

There apparently is no need for immediate help in rehabilitation from the national government before the regular session of Congress can act, but from long inactivity and farm losses eventually will necessitate permanent aid for thousands of sufferers in the most southern parts of the state, where the flood remained longest.

Little has been done to prevent recurrence of the disaster, practically all sufferers being too busy attempting to repair their flood-swept farms to attempt improvements for their protection.

**LEGAL PRONUNCIATION**  
LITTLE ROCK, July 24. (AP)—Arkansas is one state which is pronounced by law. Under a statutory provision the name of the state is "Are-can-saw" and not "Are-kansas."

LESS WINE  
BEING USED  
BY FRENCHOfficial Figures Disclose  
Decrease of 10 to 20 Per  
Cent in Amount Drunk

PARIS, July 24. (AP)—It appears that one Frenchman in ten is going dry in defense of his pocketbook. Or it may be that they all are watering their wine.

Official statistics show that from 10 to 20 per cent less wine has been drunk in France in the last six months than in corresponding periods in the past.

Every man, woman and child, nevertheless, has had an average of twenty gallons in six months. Twenty per cent less wine has been taken out of warehouses than last year. Taxes paid on wine supposedly consumed indicated that 10 per cent less than usual has been sold over the counter.

RECORD STATE  
FAIR PLANNED

SACRAMENTO, July 24. (Exclusive)—The announcement by Robert A. Condes of Chico, president of the State Agricultural Society, that for the first time in the history of the California State fair, Southern California will have 100 per cent representation in the exposition building, has led Secretary Charles W. Paine to predict a record-breaking state fair this year.

"Southern California's participation in the state fair has had much to do with making it one of the outstanding events of the kind in the United States," said Paine. "This has kept the standard of displays at a high stage of competition. This year it is particularly pleasing to announce that every Southern California county will have an exhibit in the horticultural building. In this respect, the 1937 California State fair will be the most complete, colorful and attractive in the history of the state."

The state fair, the seventy-third annual state exposition, will be held in Sacramento, September 3 to 10, next, inclusive.

## WED AFTER HALF-CENTURY

Sailor and First Sweetheart Renew Romance Broken  
by Quarrel Fifty Years Ago

SPRINGFIELD (Mass.) July 24. (Exclusive)—A romance that had its beginning back in 1877 in Dorchester, N. B., when Gilbert Taylor of this city was first mate of a sailing vessel and courted Emma Louise Buck, the belle of Dorchester, came to late fruition recently fifty years later, in East Longmeadow when the pair were married in the Methodist parsonage by the Rev. Benjamin Rust.

Taylor was necessarily absent at sea for long periods when he wooed Miss Buck in their younger days. She grew homesick and accepted the attentions of some other young man about town. One night Gilbert returned unexpectedly and found his sweetheart out with another young man. Hot-blooded, he refused to make allowance for her loneliness and left in a huff.

While he was still angry he married another girl and his sweetheart married another young man. The years rolled by. Last winter they met at a Dorchester reunion in Boston for the first time in a decade. Death had freed both from married ties. Their quarrel was made up and they

MEXICAN PHONE  
LINK COMPLETE

MEXICO CITY, July 24. (Exclusive)—The second link in the chain of long-distance telephone circuits, which will shortly connect Mexico with the United States, has been completed. The new stretch between Saltillo, capital of the state of Coahuila, and Mexico City, Federal District, has been opened for public use. Saltillo is two-thirds of the distance between Mexico City and Laredo, on the American border.

The Mexican Telephone and Telegraph Company has announced that the line to Monterrey, capital of the state of Nuevo Laredo, which is halfway between Saltillo and Laredo, is practically completed and will be opened soon for public use. When work is finished on this branch, the wires from Monterrey to Laredo will be strong.

This will give Mexico City complete long-distance service with the United States. It is understood that an extra large force of men is being employed to hasten the work. The work of the Mexican Telephone and Telegraph Company was in charge of American engineers, who have completed the task thus far in almost record time.

'Ghost Town' of  
Wyoming May  
Return to Life

SUN DANCE (Wyo.) July 24. (AP)—The ghost mining town of Welcome, now marked only by deserted and decaying houses, may be brought to life again.

August Schliehardt asserts he has found near there a lead of gold ore which assays more than \$300 a ton. It has been known for years that there is gold in the Black Hills of Wyoming, but it has been found in pockets which have played out, making the installation of machinery impractical.

Schliehardt's discovery, however, does not appear to be a pocket. It is only a few miles from the Homestake mine of Lead, S. D., said to be the largest gold mine in the United States.

**COUNTY BOUNTY GONE**  
SKEKTON (Mo.) July 24. (AP)—R. A. Westerfield, hunter of Skekton, is moving from New Madrid to Stoddard county as he has exhausted the county bounty money in New Madrid. With the assistance of four volunteers he caught forty-five bobcats and seven wolves this winter.

RED STUDENT  
SENT TO  
PRISON

TOKYO, July 24. (AP)—A trial has been held at the central district court in Tokyo today, ranging from the arrest of a student who was arrested in the United States to his return to Japan.

The court was convened because of the arrest of the student who was arrested in the United States to his return to Japan.

The student was arrested in the United States to his return to Japan. The court was convened because of the arrest of the student who was arrested in the United States to his return to Japan.

## BUREAU PLANTS FISH IN OCEAN

Experts Estimate Number of  
Kinds Put in Sea

Billions of Flounders and  
Cod Turned Loose

Valuable Salmon Hatched  
for Western Coast

BY FREDERIC J. HASKIN  
WASHINGTON (D. C.) July 24. (Exclusive)—About the biggest figure which man uses in these days are employed in connection with the fishery. The fishery is the distance from the earth to the sun, moon, and stars, the war debt, and the fish of the sea and streams. In ancient times in this country a favorite simile of the fishery was in describing vast numbers was a comparison with the number of fish. They little dreamed that, in later years, the government of the United States would know something a little more definite on the subject. It would be idle to say that any one knows how many fish there are in the sea, but the United States Bureau of Fisheries has a better idea than any one else, as the result of patient investigation and research. At least it knows how many fish it has put there and can give a fair estimate of how many of these survive, what their length of life is, and what their habits are.

**BUREAU ONLY AGENCY**  
The bureau may be said to be the only agency in the form of a fisherman which, instead of seeking to catch fish, puts them into the water for others to catch. For several years the bureau has put fish eggs and fish to the total of 5,250,000,000 into the water annually. Many of these have been eggs, but of the total most have been active fish. At the various government hatcheries, eggs are hatched into fry or fingerlings, as they are called; that is, very small fish, but nevertheless actual living creatures. Millions of these doubtless are swallowed by larger fish before they attain maturity, but a vast number survive the perils of the deep and add to the stock of finned creatures in the water. The bureau looks chiefly to replenishing the fishery, but it also has a great economic value. More than 3,000,000,000 flounders and 1,000,000,000 cod have been planted by the bureau off the New England coast. Their natural habitat, and more than 300,000,000 whitefish have been turned loose in the Great Lakes. The valuable salmon has been planted to the extent of 175,000,000 of the west coast and the coast of Alaska.

**GAME FISH FOR STREAMS**  
Nor is the sportsman forgotten by this government fisherman. Game fish such as trout and bass are planted in streams throughout the country. Any qualified applicant can obtain such plantings; an individual, a country or sporting club, or a State government. The bureau maintains five specially constructed cars in which to carry fish to various places for planting. These cars travel approximately 95,000 miles a year while special messengers, conducting eggs or small fish in tanks, travel some 400,000 miles a year distributing them. These are perhaps the fish who travel overland in what look like Pullman cars excepting those to be found in the galleries and on the tables of dining cars. The bureau receives more than 13,000 applications for these plantings in the course of a year and fills all that it can with its existing appropriation and facilities. That the bureau's work is economically profitable is indicated by the fact that the value of fish caught in American waters each year is approximately \$67,000,000.

**VALUE INCREASED**  
This value is greatly added to in preparing fish for consumption, especially at points distant from streams of the fish. Fish are smoked, canned, salted and frozen. In recent years companies have sprung up which make a special business of shipping fresh sea fish inland by fast express, giving inlanders an opportunity to know the taste of fresh fish although they never have been near the sea. Improved methods of refrigeration have made this possible. The salmon is one of the most valuable of fish and by a law, enacted June 6, 1924, the Secretary of Commerce has been given increased authority over limiting or increasing fishing to the end that certain species may not become extinct, as has been threatened in some cases. The bureau, acting under the Secretary's authority, has been devoting work along this line especially to the preservation of salmon. Most of this work has been done in Alaska and during the last year the bureau has employed in this fish protection service and twenty-one chartered boats to enforce the law. Two hundred and sixteen men are employed in this fish protection service, a service which is difficult and often perilous. It is estimated that since 1907, when Alaska was acquired from Russia, some \$600,000,000 worth of fish have been taken from its waters, and in a single year Alaskan fishermen seven times the cost of the territory to the United States. The Alaskan fisheries via with the Klondike gold fields and the Matanuska coal deposits in producing wealth.

**SEAL HERD INCREASES**  
The government makes money out of this Pribilof Island seal and fox herds and maintains staff there to protect the creatures. As the result of this protection, the herd of seal has increased from 132,000 in 1910 to 300,000 at present. It will be recalled that these islands were the scene of the great sea fight among the pirates immortalized by Rudyard Kipling in his "Rime of the Three Sealers." An interesting branch of the bureau's work is that of rescuing fish after river floods, particularly those of the Mississippi. While the flood of 1927 is the "retest on record," the river rises every year to some extent. When it recedes it leaves many young fish stranded in pools with no outlet. As these dry up the fish die. Last year 150,000,000 fish were rescued.

**FISH RESCUED**  
Fish rescue in the Mississippi Basin is especially important because of the pearl button industry. Mother of pearl comes from a mollusk which starts its life cycle as a parasite on the river fish. As they mature they drop off and develop to commercial size. To increase the output the bureau has undertaken to put the fish rescued from the pools left by the flood into tubs and tanks in which have been placed large numbers of

## OPEN SAFETY-PIN REMOVED FROM BABY'S STOMACH BY SURGEON

HAVERHILL (Mass.) July 24. (Exclusive)—The swallowing of an open safety-pin, point upward, by Donald Cline, 10-month-old son of Mr. and Mrs. Clifford Cline of Summit avenue, necessitated an unusual operation at the Gale Hospital Wednesday afternoon.

An X-ray at the hospital revealed the pin in the lower part of the throat, and as the point was upward it was impossible to extract through the mouth without piercing the lungs of the child, which would prove

fatal. Dr. Henry B. Perkins, by means of an instrument, pushed the pin down into the stomach. Dr. Charles S. Benson opened the stomach and extracted the pin. The child's name is still on the danger list at the hospital.

The baby had been left in his carriage in the back yard of the Cline home. The choking aroused the mother, who discovered the safety-pin missing from the blanket and blood coming from the mouth of the baby. She called Dr. Myron Livingston, who took the child to the hospital.

## Dummy Stolen From Policeman Trailed by Dogs

BERLIN, July 24. (AP)—The life-size dummy of a traffic cop in full uniform was stolen overnight from its station at a Berlin suburb where it stood as a warning signal for motorists.

Though the intrinsic value of this wooden statue representative of Berlin's finest is but negligible and it is believed that only a hoax was intended, the authorities are inclined to consider the act as a contempt of Prussia's guardians of law and order. They have therefore gone to the trouble of taking up the trail of the practical joker with a number of trail police dogs.

## Old Waterworks of London Now Placed on Sale

LONDON, July 24. (AP)—If any one wants a relic of the old London Bridge waterworks, where four wheels raised water which for generations was hawked through the streets, they can bid for No. 7 Broken Wharf, Upper Thames street, which was once the pumping station.

The water works were discontinued more than a century ago. The old engine-house, which is now empty and up for disposal, has been used as a storehouse. The rental in 1904 was ten shillings or \$24.40 a year.

## FARMERS QUIT HAYING TO SEARCH FOR GOLD

FALLON (Nev.) July 24. (Exclusive)—Scores of farmers on the Nevada Project have quit haying and poultry raising to seek buried gold. A few days ago Richard Bass found several gold coins, uprooted by hogs in a field while rooting for turnips.

Bass dug several holes and recovered over \$100 in gold pieces, dated from 1878 to 1904. The discovery is supposed by local ranchers to have been buried in early days by stage robbers, and an intensive search for more loot is proceeding on numerous farms south of Fallon. Old legends tell of many raids made by robbers on pioneer stages carrying gold and bullion from banks and mines in the early days of this section, and much loot is believed to have been buried by the bandits.

## ONE-FOURTH OF WOMEN WORK

Eleven Million Employed in  
United States

State University Survey  
Covering Country

American Home Industries  
Fast Losing Place

BERKELEY, July 24. (Exclusive)—Eleven million women are employed in painful occupations in the United States, according to the last census and there is every indication that the numbers will increase from year to year because of the changes that are taking place in living conditions in the home. This is the report made by Miss Laura Clark, lecturer in home economics at the University of California, in a recent issue of Vocational Education.

The American home is no longer the place where many "fascinating industries" are carried on, she says. "Four-fifths of the industrial processes native to the American home in 1850 have departed, never to return. The nursery school assumes responsibility for the physical welfare and the training of children. And the 'cook-tood service' delivers food ready prepared at one's door."

"How long will the woman of today who has had an active girlhood, filled to the brim with duties and pleasures, be content to remain merely an agreeable 'parasite' in the home of her husband?" Miss Clark says. "Current opinion indicates that she will again pick up the threads of interest which she had before marriage and make her original occupation her life work, or if she went from school directly to marriage she will choose and train for a new vocation."

## RICE SEED PLANTED IN TEXAS BY PLANE

HOUSTON (Tex.) July 24. (Exclusive)—From an airplane 150 acres of marsh land near here recently were planted with 5000 pounds of wild rice. The plane, carrying pilot and passenger, had a tank containing 300 pounds of rice at a time and as it glided over the marshes the rice was released through a hopper. The purpose of the planting was to supply food next fall for wild ducks.

## A cool night's ride!

—and you're among the Rockies by morning!

**SPEEDING** north as well as east—via the Union Pacific—you pass the short span of desert during the cool of the evening and night. With well ventilated cars—refreshing food drinks from the buffet—and courteous, skillful service constantly at your command—your journey is made in delightful comfort and luxury.

**For Vacationists**—The Union Pacific is the road to the most famous of the national parks—Yellowstone, Zion, Grand Canyon and Rocky Mountain National Parks—via scenic Salt Lake City. Liberal stop-over privileges enable you to see them all.

**For Business and Professional Men**—The Union Pacific is the fast, direct road to Chicago, famous for its smooth, efficient "on time" operation. Three splendid trains:

**LOS ANGELES LIMITED**  
Nothing faster—nothing finer!

**GOLD COAST LIMITED**  
Solid Pullman with de luxe appointments!

**CONTINENTAL LIMITED**  
Accommodations to suit everyone!

and many others! Final return limit October 31.

# Montebello Opens New \$85,000 Municipal Bathhouse and Plunge

The New \$85,000 Municipal Bath-house at Montebello Was Opened Saturday under ideal weather conditions and with most of the town participating in the ceremonies. The bath-house and plunge are among the finest of their kind in the Southland. Photo shows bathers enjoying pool a short time after opening.

The First Plunge from the ten-foot board at the new plunge was made by the youth tensed for the leap in this photo. An admiring female gallery looked on as he defied the jinx that is supposed to preside over a new board.

While Dempsey and Sharkey Fought It Out at New York, Leach Cross and Joe Rivers, former luminaries of the fistic game, illustrated every move of the two fighters as the wireless report came in, for a select Pasadena audience. Photo shows Cross and Rivers in ring. (P. & A. photo.)

More Than 100 delegates to the M. Searcy convention were present at the adjournment of the convention at the Montebello bathhouse. Photo shows delegates in session.

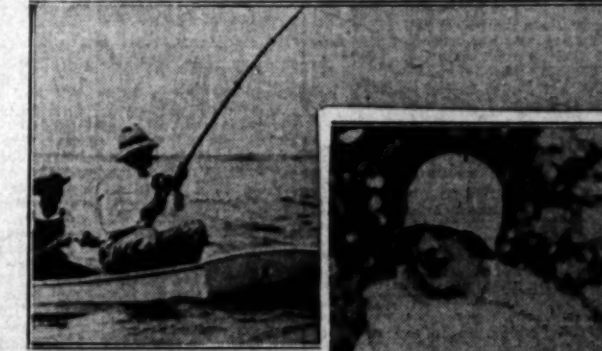

Life is Made Worth While for Blind Girls at the New York Association for the Blind camp at Watertown, N. J. The girls enjoy swimming in specially built tank, hiking, nature study and other forms of outdoor recreation. They help with camp chores, too. (P. & A. photo.)

The Women's Army attached to the forces of Gen. Chiang Kai-Shek, is under the command of Ing Wong, an 18-year-old Chinese girl soldier. (P. & A. photo.)

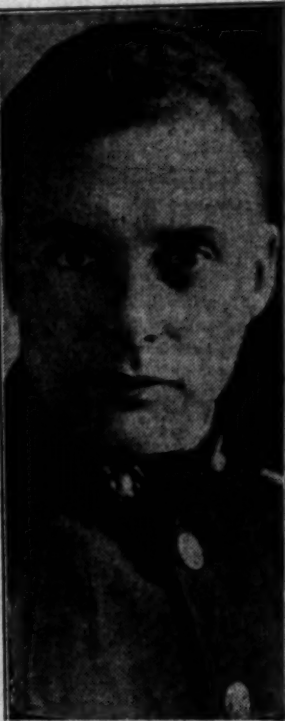

Rubber Heels Will Shorten Doughboys' Miles, the Army having decided to adopt the cushion heel in place of the leather. Experiments have revealed that rubber heels make walking easier and tend to keep the feet in better condition. (P. & A. photo.)

Trying to make out of his month's tarpon shown in photo has been self nearly water. It took hours to bring to gaff. (P. & A. photo.)

Capt. G. D. Hatfield was in command of the handful of Marines that held the Nicaraguan city, Ocatol, against overwhelming force of rebels. (P. & A. photo.)

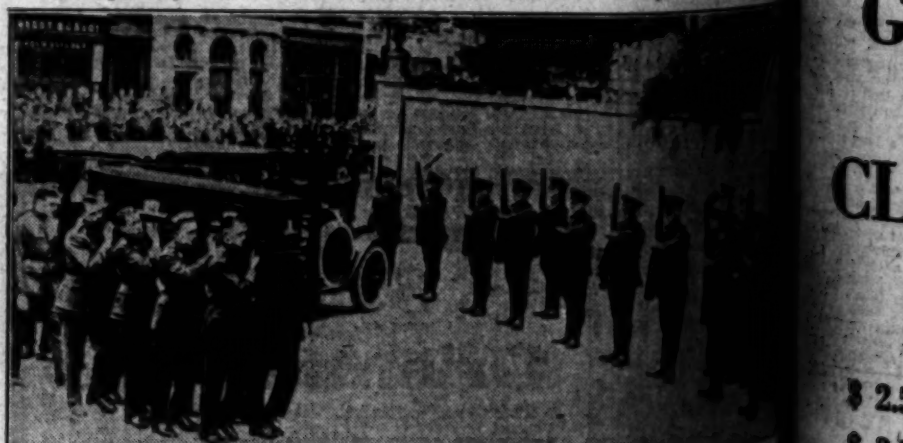

Maj. Ross E. Rowell led the squadron of five American bombing planes that flew to the rescue of the Marine force in beleaguered Ocatol. (P. & A. photo.)

The Annual Importation of Tea into the United States, amounting in value to approximately \$31,000,000 and including approximately 2000 grades, kinds and varieties, is passed upon by a single man—George F. Mitchell, supervising examiner of the United States Tea Control Board, pictured above sampling teas offered for import. (P. & A. photo.)

Probably Latest Photograph Now in United States of little King Michael I of Rumania, is the one presented above, showing the 5-year-old monarch and his mother, Princess Helen, as they appeared a short time prior to death of King Ferdinand. (P. & A. photo.)

The Body of Kevin O'Higgins, Vice-President of the Irish Free State, who was assassinated at Dublin recently, is on its way in the above photo to the House at Dublin to lie in state. The bearers are officers in the Irish Guards. (P. & A. photo.)

White Trunks and striped uppers constitute the conventional Hollywood bathing ensemble. Belt and rubber shoes with high heels complete outfit. Dorothy Dwan illustrates above.

## OUR HISTORY IN PICTURES 776 Beginning the Story of the Far West by J. CARROLL MANSFIELD

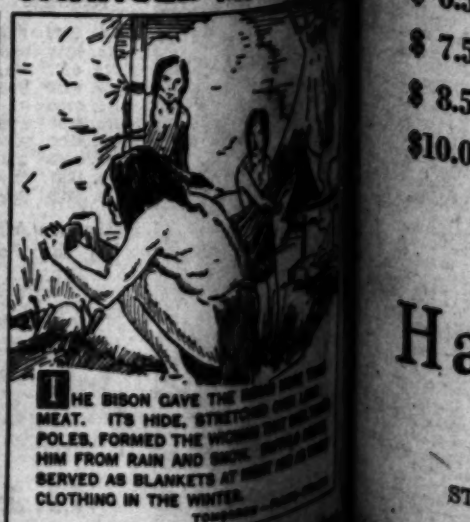

BEFORE THE COMING OF THE WHITE MAN, THE GREAT WESTERN PLAINS WERE THE HOME AND HUNTING GROUNDS OF MANY SCATTERED TRIBES OF RED MEN. THE INDIANS POSSESSED THE LAND WITHOUT OCCUPYING IT, AS MOST OF THEM WERE EVER ON THE MOVE TRAILING GAME.

IN THOSE DAYS THE VAST PRAIRIES WERE BLACK WITH HERDS OF COUNTLESS BISON, THE AMERICAN BUFFALO.

THE BUFFALO WAS THE PLAINS-INDIAN'S CHIEF SOURCE OF FOOD SUPPLY. ON FOOT, THE DUSKY HUNTER STALKED THE GREAT, SHAGGY BEAST, AND WATCHED FOR AN OPPORTUNITY TO DRIVE HIS FLINT-TIPPED ARROW BEHIND ITS RIBS.

THE BISON GAVE THE PLAINS-INDIAN MEAT. ITS HIDE, STRETCHED OVER POLES, FORMED THE WICKIONS THAT SERVED AS BLANKETS AT NIGHT AND AS CLOTHING IN THE WINTER.

(Editor's Note)—History Strip No. 782 was inadvertently published Sunday as Strip No. 776. The proper strip, No. 776 (Beginning the Story of the Far West), is herewith published with its proper number. Strip No. 782 (Sunday's strip) will not be republished, making Strip No. 781.

# Plunge

More Than \$1,000 was left to Miss M. Sears, trained by late Sherwood, drich, millionaire, ing man. (P. photo.)

Trying to Shake the out of his mouth, tarpon shown in photo has thrown self nearly out of water. It took hours to bring the to gaff. (Acme.)

Mile. Didi Vlasto, French tennis star, recently married Paris to a president Italian, Signor S. Didi is beautiful as athletic. (P. photo.)

Irish Free State, who was above photo to the officers in the Irish Guard.

## HAIR OBREGON IN MEXICO CITY

Candidate for Presidency Welcomed by 15,000

Streets Blocked by Parade to Headquarters

Arrives From Guadalajara; Order Prevails

MEXICO CITY, July 24. (Exclusive)—Gen. Obregon, candidate for President, was given a big street demonstration by 15,000 followers today. The candidate was met at the railroad station and escorted to his headquarters in a parade with banners which blocked traffic. The majority of the participants were Agrarian labor-union members and close political friends, who came by train from the States of Hidalgo, Mexico, Morelos and Puebla. The crowd blocked the streets for three squares around headquarters while Gen. Obregon talked briefly.

## Monthly Wage of \$12 Paid to Young Workers

BERLIN, July 24. (P)—Almost 4,000,000 wage earners in Germany must content themselves with a monthly wage of \$12, or fifty marks, according to figures by the institute for economic research. Most of these underpaid workers are apprentices. By far the largest group of wage earners draws monthly wages of \$35 to \$75. It comprises \$333,000. Almost 5,500,000 earn from \$13 to \$25. The figures were arrived at on the basis of sales of official insurance stamps. Under the German law, all wage earners are compelled to enroll in one of the government invalid, old age and sickness insurance institutions. The premium is paid weekly, in proportion to the income, in the form of insurance stamps bought at the postoffice.

Each American Good for \$1000, French Declare

PARIS, July 24. (P)—Every fourth tourist in France is an American, statistics show, but that one spends about as much as the other three. France had something over 1,000,000 tourists here last year, says Pierre Audigier, secretary-general of the 700 associations trying to attract foreign money. This year, however, he looks for a good increase in numbers if not in dollars. The average American, his records indicate, spends about \$1000 in France. This is more than four times as much as a traveling Spaniard, and more than tourists of other nationalities spend.

Penn Mex Fuel to Export Own Crude Output

TAMPIOCO (Mex.) July 24. (Exclusive)—Penn Mex Fuel Company expects to begin exporting oil on August 1 to the United States, according to an announcement just made here.

Mexico Urged to Ship Cotton Across Border

MEXICO CITY, July 24. (Exclusive)—Good prospects for the Mexican cotton crop in American markets are reported here from the Agricultural Commission in the Laguna region, centering around Torreon, State of Coahuila. This body has been informed of attractive prices in the Texas market by the Mexican Consul in Rio Grande City, Tex.

Cupid Depletes Ranks of Phone Girls in London

LONDON, July 24. (P)—Cupid's activities on the telephone are on the increase. Out of 7902 girl telephone operators in London, 350 were married last year.

Chickens Have Horned Owl for Foster Mother

CHARLOTTE (N. C.) July 24. (Exclusive)—Every spring for thirteen years, Baby Hoot, a horned owl, has raised a brood of chickens for the M. G. Walters family.

**LIKE DAYS OF  
OLD GOLD RUSH**

Trio in Fierce Battle Over  
Mining Claim

Treated at Hospital in San  
Diego

Fights Centers on Property  
Near Camp

SAN DIEGO, July 24.—Charles A. Schindler is in Mercy Hospital, and A. C. Clark, 24 years of age, and G. C. Clark, 19, are suffering from scalp wounds incurred in a knife and cold chisel battle fought early yesterday morning about five miles north of Campo, when Schindler and the Clark brothers came to blows in an altercation concerning the ownership of a mining claim.

The battle, a duplication of the claim-jumping fights of the day of '49, and said to be the first claim-jumping in the state since the gold rush days, occurred about 8:30 o'clock yesterday morning, when the Clark brothers, accompanied by their father, Rufus J. Clark, arrived at the mining property claimed by them and found Schindler, accompanied by another man, who gave his name as Harry Nix, in possession. Schindler, whose wife says his papers showing him as the legal owner of the disputed property, refused to leave the claim and a fight ensued.

According to Mrs. C. A. Schindler, who repeated the story told her by her husband, the Clark brothers jumped from their car, threw her husband, and while he was on the ground they father stabbed him. Schindler was brought to the hospital by Nix after he had been treated at the Alpine Hospital en route.

Reports from the hospital last night revealed that Schindler was stabbed three or four times in the chest, probably with a pen-knife. Although his condition was not reported as critical.

Accompanied by their father, the two Clark brothers returned to San Diego shortly after the battle, appeared at the Police Emergency Hospital with cut scalps. Dr. Paul J. Bruhl, who treated the wounds, reported them as not serious and dismissed them after he took several stitches.

**Rodent Pests  
in Riverside  
Orange Groves**

REVEREND, July 24.—Hundreds of huge pack rats are attacking orange groves in the Gavilan district, according to E. O. Tutill, county superintendent of rodent and pest control. The rats, starting since the recent disastrous brush fire in that region swept 11,000 acres, have turned to the Valencia groves, climbing trees and cutting off green oranges. Tutill was preparing a poisoned baited trap with a group of men in the Gavilan hills will spread the poison about the groves. A large covered to control the situation, declared Tutill.

Headquarters will be at the E. O. Tutill, county superintendent of rodent and pest control. The rats, starting since the recent disastrous brush fire in that region swept 11,000 acres, have turned to the Valencia groves, climbing trees and cutting off green oranges. Tutill was preparing a poisoned baited trap with a group of men in the Gavilan hills will spread the poison about the groves. A large covered to control the situation, declared Tutill.

**Pastor's Health  
Given as Reason  
for Resigning**

MONROVIA, July 24.—Rev. George E. Swan, pastor of St. Luke's Episcopal Church here, last night presented his resignation to the church body to take effect September 30. This action was unexpected and was taken at a special session of the church body.

"Impaired health of himself and his wife was given by the pastor as the reason for wishing to relinquish his work here. Rev. Swan returned this week following a second period of confinement in the hospital within six months and will not be able to return to his pulpit before September 1. Mrs. Swan has been confined to bed for several weeks with a malignant fever.

"During his ministry here, Rev. Swan has been responsible for the growth of one of the most attractive church structures in the valley and has earned a high place not only among the ministers of Monrovia but the entire diocese. He was pastor of St. John's Episcopal Church at Berkeley before coming to Monrovia.

**A. R. BORDEN HEADS  
LODGE AT VAN NUY**

VAN NUY, July 24.—A. R. Borden has been installed Noble Grand of the Van Nuy Lodge of Odd Fellows, with J. E. Peterson, Vice-Grand; J. A. Herrin, Secretary, and Bert B. White, Treasurer. Other officers of the lodge are Edward B. Harris, J. L. McPherson, J. E. DeLeonard, Daniel Marques, Thomas B. Jones, Daniel Richards, L. M. Stuart, George B. Harris, William Luntford, C. C. Clark, Richard Thompson, Joseph Jackson and Glenn Hersher. Mr. Alvin Harris was installed as Noble Grand of the Rebekah Auxiliary No. 244, with Mrs. Rose Hunt as Secretary and Treasurer, respectively.

OWENSBOURGH, July 24.—The Owensboro Chamber of Commerce has petitioned officials of the Southern California Gas Company to open gas subways in the western end of San Fernando Valley, to facilitate consumers who now have to journey to Van Nuys, ten miles east, to pay their bills. It is contended that the large number of consumers in this section warrants the opening of small gas mains.

**TENT CITY  
READY FOR  
ADVENTISTS**

Annual Camp Meeting to  
Provide Accommodations  
for 8000 Churchmen

GLENDALE, July 24.—The huge tent city that is designed to shelter the annual camp meeting of the Seventh-Day Adventists of the Southern California Conference is rapidly assuming shape as it is placed on the grounds at the junction of Glendale avenue and Verdugo road, where more than 800 tents, besides the small canvas auditorium, are already erected. The camp meeting will open on August 25, next, and continue until September 24, and the attendance is expected to reach the 8000 mark.

Churches of the denomination from Los Angeles, Santa Barbara and Ventura counties will send their representatives, and other delegations from widely scattered portions of the country will also attend the gathering. Elder G. W. Reaser, of Glendale, is in charge of the camp meeting committee, and he is assisted by Elder Glenn A. Calkins and S. D. Connelley, secretary-treasurer of the Southern California conference.

The value of the tents, exclusive of the canvas, is placed at \$85,000, and an additional order for \$5000 worth of tents has been given to the manufacturers, in order to have an adequate supply of shelter for the thousands who will attend the conference. The main auditorium will cover a space 150x250 feet, and will seat 6000 persons. It will be equipped with amplifiers to enable those present to hear distinctly. Other large tents have been provided for the primary, kindergarten, junior and young people's departments. Special sessions of the foreign-language departments will be held in a separate tent.

One of the features of the camp is a cafeteria that will be able to serve 3000 persons at one time, with the chief of the Glendale Sanitarium in charge. The kitchen is already furnished with the latest electrical equipment and an ice box, measuring 18x30 feet and calling for three tons of ice daily, will preserve the foodstuffs.

The fact that the business session of the conference was held at last summer's meeting indicates that the coming conference will be largely devoted to the camp meeting, as the officers were elected last year for two-year terms.

**Pay Growers  
for Oranges  
at Yorba Linda**

YORBA LINDA, July 24.—Returns to Yorba Linda Valencia and lemon growers have already passed the \$100,000 mark, it was revealed when the two local distributing agencies, the Yorba Linda Citrus Association and the Foothill Groves Association, reported settlements made in full or in part for fruit shipped so far this year, according to reports of the two houses.

Approximately \$105,750 has been paid to local growers within the last few weeks on Valencia fruit. The Yorba Linda Citrus reported advances totaling approximately \$25,000 to lemon growers. This house reports that 175 cars of Valencia, 400 boxes each, up until March 15, and seventy-five cars of Valencia, also 400 boxes each, up until the present date.

The Foothill Groves Association was today mailing out checks aggregating \$29,750 in full settlement for Valencia handled through the first pool of shipping that close in June and also reports that an advance payment of \$15,000 was made on this season's lemon crop.

Both houses operate on a yearly basis in handling Valencia. The Valencia for the fruit season made in October or November of each year. Lemons have been almost at a premium in the Yorba Linda section this season, the growers in that district suffering the misfortune of having an extremely short crop when market conditions have been unusually good.

**ASKS COURTS TO  
RESTORE BRIDE**

SANTA ANA, July 24.—Antonio Fernandez wants his wife back. Concepcion de Lopez, of Huntington Beach, the youthful bride, is said to be pining for her husband, but he can't come to her, and she can't come to visit him on account of her mother, he says.

Fernandez, his father and his brother were arrested after Antonio, Jr., had eloped to Tinian, a small island in the Pacific, where he was married. The girl gave her age as 17, but her mother says she is only 14, and she says the marriage of her daughter cannot be recognized as legal in California.

The Fernandez trio were released, but the girl was kept at home. Now the Tinian bridegroom has sought a writ of habeas corpus to have her delivered to him. Hearing on the application has been set for Judge J. Marks of the Superior Court for next Friday, the 26th inst.

In the meantime the girl is still with her mother at Huntington Beach.

**SUE TO QUIET TITLE**

BAKERSFIELD, July 24.—Involving a government oil prospecting permit valued at \$240,000, Harry Sheehan, of the Los Angeles area, has sued Dwight O. Vedder, R. Vedder, Vedder Bros., Inc., and others to quiet title to the southwest quarter of Sec. 18, 28-29. The Eile Oil Company holds a lease, under an assignment from Sheehan, on the property which is adjacent to Sec. 20 on which the discovery well in Round Mountain district is located.

The complaint does not state the nature of the conflicting claims of the defendants in the suit.

**MUST LIVE IN ALHAMBRA**

ALHAMBRA, July 24.—In future all teachers and other employees engaged for the Alhambra elementary and high schools must establish their residence in the Alhambra school district, it has been ruled by the Board of Education. The new order will not apply to members of the faculties now on the school district's pay roll, but only to those who are hired in the future.

**GIRL SCOUTS IN CAMP AT BALBOA**

Nine Troops Represented at Annual Summer Outing

Where sea and sun combine to make out-door life attractive and camp girls healthy, wealthy and wise.

**"BE PREPARED" IS MOTTO**

Girl Scouts in Annual Camp Learn Many Useful  
Things Including Swimming and Rowing

BALBOA, July 24.—"Angels on Horseback," something new in campfire confection, is treated at the evening fire light sessions of the Los Angeles Girl Scouts of the Pasadena district camped for their summer outing in Camp Duquesne-by-the-Sea at Balboa.

Hot dogs and marshmallows are passed now.

The new article is made by toasting cheese wrapped in a bacon strip before the evening camp fire. How it was named no one in camp could explain but it is thought to have something to do with lost angels and the inferno.

More than 100 girls of the Pasadena district have pitched their tents in the sands at Balboa for the month's vacation, during July. Miss I. M. Halsted, district director for the month's vacation, is in charge of the camp. A staff of leaders assist her. The camp staff is composed of Capt. Halsted, Miss Helen "Dick" Hagman, assistant director; Miss Beck, camp nurse; Miss Helen Smith, commissary; Miss Frances Stempert, director of activities, and Miss Winifred Nichols, heating coach.

"Be Prepared" motto is practiced by the Girl Scouts. They are taught to make their beds, tend camp, swim and handle an oar.

A permanent camp is to be established at Balboa if a site may be secured, according to Capt. Halsted. The camp this year at the beach has surpassed those of former years, according to the girls. A daily program of events that include camp inspection, swimming, recreation and camp-meetings is followed.

Girl Scouts from nine troops are now on the beach. The troops represented are Troops 2, 3 and 8 of Pasadena, Troops 1 and 16 of San Pasadena, and others of Alhambra, San Dimas, Monterey Park and Monrovia.

**SUES RAILROAD FOR  
ERROR OF BRAKEMAN**

SANTA ANA, July 24.—When the driver of a car in which Mrs. Annie B. Anderson of Fullerton was riding found a suitcase and a string of box keys and twenty-five chickens disappeared, she sued the Santa Ana Railway for \$25,000. Mrs. Anderson, who is a well-known actress, lost the keys and the chickens when the train stopped at a station. The train was delayed for several hours, and the chickens were found in a field near the station. Mrs. Anderson is suing the railway for the loss of the keys and the chickens.

**SOUNDS AWFUL BUT  
IT'S NOT SO WORSE**

MONROVIA, July 24.—Burglaries in Monrovia during the fiscal year ending June 30, last, increased 1250 per cent over the preceding year, according to the annual report of Police Chief Frank Scott. Fortunately, this startling "crime wave" does not run into large figures. Only two burglaries were reported in 1926, compared with twenty-seven last year.

The total revenue of the department for the year was \$18,500, an increase of approximately \$3000.

The only decrease revealed was in the revenue from the sale of liquor, only three being reported compared with seventeen during the preceding year. This was offset somewhat by an increase of fifty arrests for intoxication.

**OLD STAGE DOG  
VISITS DENTIST**

VAN NUY, July 24.—Jippy, best-known dog in Van Nuys, yesterday went to the dentist's chair, where she had seven teeth extracted. The dog is 12 years of age and is the pet of H. J. Fountain, a number of years ago was a vaudeville circuit with her late husband.

The pair owned about twenty trained dogs. All of them are dead. Jippy, whom Mrs. Fountain always takes with her on a small leash when she goes about Van Nuys, Jippy is growing so old that she is losing her teeth. Mrs. Fountain said she had begun to notice the loss of teeth when she was with other promoters. "I thought she was getting old," she said. "I thought she was getting old," she said. "I thought she was getting old," she said.

**FIND JOKER IN ORDINANCE**

San Diego's New Meat Law Subject to Loop Holes  
Say Market Men

SAN DIEGO, July 24.—San Diego's most ordinance which goes into effect tomorrow contains a joker that may render the whole measure invalid, it was learned yesterday when the law was given official publication. The joker apparently wrecks the whole purpose of the measure, which was devised to prevent the sale of uncooked meat when meat inspectors are not on duty. With this idea in mind it was written to forbid sale of uncooked meats except between the hours of 7 a.m. and 9 p.m. on week days.

However, the joker comes in the fact that there are no restrictions at all on the sale of meat on Sundays. Holidays, including New Year's, Washington's birthday, Decoration Day, Fourth of July, Labor Day, Admission Day, Thanksgiving Day and Christmas, are similarly exempted from restriction except when such holidays fall on Saturday.

When it happens that the holidays mentioned fall on Saturday sale of uncooked meats may only be made between 7 a.m. and noon. If the holiday happens to come on any other day of the week the meat shops can keep open as long as twenty-four hours if they so desire.

Kosher meat shops also are given preference, the ordinance holding that they may be kept open from sundown to 10 p.m. on Saturday. The City Commissioners have considered a score of applications, but so far have failed to give any hint as to which of their choices may be. Irvine will leave on August 1.

Another prominent candidate for the position is B. A. Tucker of San Gabriel, who was until recently a resident of Alhambra and prominent in local real-estate circles. Tucker is active in Masonic affairs and has a wide acquaintance in the district.

Other applications that have been submitted to the city are those of Clyde C. Young, secretary of the El Monte Chamber of Commerce and president of the Adventure Club; R. D. Van Alstine of Long Beach; George Garrett, Grand Junction, Colo., and R. C. Beville, former City Manager of Monrovia.

The City Commission is expected to take action on the appointment within the next week.

**Slays One of  
Large Tribe  
of Tabby Cats**

ALHAMBRA, July 24.—The ghost of a cat will point an accusing paw at Ray Schula, 1700 Greenwood avenue, Michindale, in Judge W. M. Northrup's justice court next Thursday. Schula is accused of destroying one of the nine lives of a cat that belonged to Mrs. B. B. Nation, who lives across the street from his home.

The deceased cat was one of a family of forty-two cats. Schula declared at his preliminary hearing, when he pleaded not guilty to the charge, that he had been playing with the cat and that he had thought it killed it. I don't know how people get that way any one cat out of forty-two could be missed at all.

Schula declared the multitude of cats in the Michindale district was a nuisance and that his strawberry patch was destroyed and seven trucks were damaged by the cats. He said he had been playing with the cat and that he had thought it killed it. I don't know how people get that way any one cat out of forty-two could be missed at all.

## Sampson Leads Guest at San Francisco; Brentwood Invitational Will Open Tomorrow

## BAY CITY PRO STARS IN PLAY

Local Big Gun Erratic in 36-Hole Clash

Record Field to Qualify at Brentwood

Move Up City Municipal Golf Championship

BY BILL WISE

Harold Sampson, Northern California Professional Golf Association champ, picked up over Charles Guest, Southern pro, in the first round of the 36-hole Bay City Pro tournament today.

The final round of the tournament will be played tomorrow at the Brentwood Country Club. The field is expected to be one of the largest in the history of the event.

Guest, who has been in excellent form, was defeated by Sampson in a closely contested match. The two players were tied for the lead after the first round.

The tournament is being held at the Brentwood Country Club, which is one of the finest golf courses in the area. The field is expected to be one of the largest in the history of the event.

## PRO GOLFERS AT CALIFORNIA

Two Willie Hunter and his local Professional Golf Association members will stage one of the best big-gun sweepstakes of the year at the California Club, today. With Morrison, Hutchinson and Dudley tied for the lead on the sweepstakes play for the 3600 Hermit Lake prize, the hard-hitting members of the local paid-to-play fraternity will cut loose in real championship fashion, today. The play, in four-man, will be eighteen holes medal, with a special blind bogey as an added inducement. More than thirty professionals, with at least ten amateurs, will participate in the play, scheduled to start at 1 o'clock this afternoon.

be staged daily, all get under way Wednesday, the day following. The change in tournament dates will make it possible for the city municipal golf championship to go back to its original date of August 1, when the annual public-links competition will be held.

The Brentwood invitational, scheduled for August 8, has been called off and will be staged later in the season, when the new putting surfaces have had more time to round into shape. Von Elm planned to make his last competitive appearance, before defending his national amateur title, in the invitational of his home club, but P. A. Moulton, club president, has rightfully decided the layout is not in shape to entertain a competition that would draw an entry of 400 golfers.

Guest, who has been in excellent form, was defeated by Sampson in a closely contested match. The two players were tied for the lead after the first round.

## TILDEN AGAIN GATHERS CROWN

Trims Hennessey to Collect Clay-Court Laurels

Captures Cup for Sixth Time in Succession

Loses Doubles Championship to Midwesterners

DETROIT, July 24, (P)—William T. Tilden II, succeeded himself as national clay-court title-holder today, being the victor in the seventh round of the U.S. National Championships.

Playing conservative tennis, the perennial title-holder defeated John Hennessey, Indiana, in the seventh round, 6-4, 6-3, 6-2. Hennessey attained partial revenge by being one of the winners in the doubles match, losing to the late doubles champion, Bill Johnston.

Tilden and his partner, A. J. Warner, being the victims, Hennessey and Lucien Williams, Chicago, won the doubles title, held almost perpetually in the Middle or Far West, 6-4, 6-3, 6-2. Warner and Thelma, Texas, winners of the event last year, did not defend their title.

Frank Shields and Julius Seligson, New York, won all the honors in an invitational junior event held in connection with the senior event. The two won the doubles championship easily from Wilbur P. Owen, Kansas City, and Walter Thomas, Elizabeth, N. J., taking three straight sets. Shields and Seligson won the final of the singles, Shields won the title in a five-set match.

Tilden progressed to the final in an almost constant succession of three-set wins. Hennessey, who was never in danger, the late doubles champion, contributed an unusual number of outs and nets in the first set, but was unable to win the match.

Added to Hennessey's fifty-eight sets and outs, Tilden had twenty-six placement shots and one service ace.

## New Fishing Rulings Take Effect Friday

SAN FRANCISCO, July 24.—California's new trout law that becomes effective on the 26th inst. is regarded as one of the best laws of its kind ever put into effect, according to officials of the California Fish and Game Commission. The important provisions of the new law are listed below:

Trout may be taken only with rod and line and the rod must be held in the hand. It will be illegal to spear trout at any time. Not more than two artificial baits and three hooks will be allowed on any trout line. This eliminates numerous "glittering tinware" devices regarded objectionable and unsportsmanlike.

The law provides for open season on all trout except golden trout as follows: All districts except 21, 41, 51, 61, 71, 81, 91, 101, 111, 121, 131, 141, 151, 161, 171, 181, 191, 201, 211, 221, 231, 241, 251, 261, 271, 281, 291, 301, 311, 321, 331, 341, 351, 361, 371, 381, 391, 401, 411, 421, 431, 441, 451, 461, 471, 481, 491, 501, 511, 521, 531, 541, 551, 561, 571, 581, 591, 601, 611, 621, 631, 641, 651, 661, 671, 681, 691, 701, 711, 721, 731, 741, 751, 761, 771, 781, 791, 801, 811, 821, 831, 841, 851, 861, 871, 881, 891, 901, 911, 921, 931, 941, 951, 961, 971, 981, 991, 1001, 1011, 1021, # CHEERFUL CHAFF

BY TIMES READERS

WRITE FOR THE "MOVIES" AND WIN CASH PRIZES  
The Los Angeles Times produces a popular fun real called "Cheerful Chaff," consisting of the twelve best jokes submitted weekly by readers. Twelve \$1 prizes are awarded each week, the names and addresses of winners together with their winning jokes appearing on the screen.  
Everyone is invited to send jokes. No formal letter is necessary. Just jot down your jokes, as many as you wish, sign your name and address and mail to "Cheerful Chaff Editor," Los Angeles Times. Jokes for the screen must not exceed thirty words.  
Meritorious jokes too long or otherwise not adapted for screen use, are accorded a place of honor on the Times comic page, receiving a certificate of acknowledgment.

THANKS SHOWING "CHEERFUL CHAFF"  
APOLLO, Hollywood  
CALIFORNIA, Huntington Park  
ALVARADO, 711 South Alameda  
HOLLYWOOD, 1024 Sunset Boulevard  
OLYMPIA, 261 East First Street  
LINCOLN, Glendale  
ROOSEVELT, 244 and Vermont  
WILSHIRE, 221 South Vermont  
CARRILLO, San Pedro, Cal.  
FLORENCE, Pasadena  
KEN, Burbankfield  
MISSION, Glendale, Cal.

Boy: Can your brother fight?  
Proud younger brother: Can he? Why if he'd hit a cow, it would rain chipped beef for a week.  
Robert North, 213 South Wilson, Alhambra, Cal.

Teacher: Johnnie, give me a sentence using the word "potato."  
Johnnie: I get up-at-ate o'clock in the morning.  
Katherine Biedermann, 1046 Burnside avenue.

Bill: I bought a dozen eggs, and on one of the eggs was written a lady's name and her address, and to please write.  
"Well, did you write?"  
"No, I didn't cause after I opened the egg, I knew by this time, she must be dead."  
Jesse Crimmin, R. 2, Box 277, San Gabriel, Cal.

Disgusted old lady on suburban train: Say, what's all this fuss about educating boys to be civil engineers? What's needed is more civil conductors and brakemen.  
E. L. Kennedy, 823 Merritt Drive, Pasadena, Cal.

Father: When I was a little boy I was glad to get a crust of bread for supper.  
Son: Gee, Daddy, aren't you glad you're living with us now?  
Allen Anderson, 1181 West First Street, Santa Ana.

Teacher: Some one give me the longest sentence you can think of.  
Elinor Sanchez, 630 East Forty-third Street.

All of the comic strips are not in the Sunday papers. Once in a while you see them on the bathing beach.  
B. Isaac, Rural Route 2, Box 570, Pasadena.

Housewife: If you love work, why don't you find it?  
Tramp (silly): Alas! Lady, love is blind.  
Agnes V. Jenkins, 836 North Virgil Avenue.

Mr. Shrimp: Can you read the past as well as the future?  
Fortune teller: The past to me is an open book.  
Mr. Shrimp: Here's a dollar, if you'll tell me what my wife told me to bring home for dinner—pork sausage or pig's feet?  
C. H. Thompson, 1535 West Adams Street.

## THE GUMPS

COME ON! I CAN SEE BY THE LINES IN YOUR HAND YOU ARE GOING ON A LONG JOURNEY—TELL THE FOLKS YOU WON'T BE HOME TONIGHT—THAT MR. GUMP IS GOING TO HAVE YOU OVER TO THE HOUSE FOR DINNER—IF ANY MAIL COMES FOR YOU TELL THEM TO FORWARD IT TO THE FRYING PAN—

## A Woman Is as Old as She Looks

## GASOLINE ALLEY

COL. CODA'S SUIT FOR THE CUSTODY OF SKEEZIX IS RESUMED THIS MORNING.  
MR. REDBERRY, FOR THE DEFENSE, OPENS HIS SIDE OF THE CASE AND PLACES WALT ON THE STAND TO TELL HIS STORY.  
WALT IS RELIED UPON TO MAKE A STRONG DEFENSE BUT MR. REDBERRY IS RESERVING A SURPRISE WITNESS FOR AN OPPORTUNE OCCASION.

NOW, MR. WALLEY, PLEASE TELL US WHAT HAPPENED ON FEBRUARY 14TH, 1921.  
YES, SIR, I WAS AWAKENED IN THE MORNING BY THE RINGING OF MY DOORBELL. I DONNED BATHROBE AND SLIPPERS AND UPON OPENING THE DOOR FOUND ON MY DOORSTEP A BASKET. INSIDE IT WAS A FINE BRIGHT EYED BOY BABY A FEW DAYS OLD. I TOOK HIM IN. THERE WAS AN UNSIGNED NOTE ASKING ME TO CARE FOR HIM—THAT WAS ALL. THERE WAS NO WAY OF LEARNING WHERE HE CAME FROM. I WAS AN UNEXPERIENCED BACHELOR BUT HE SOON CAPTURED MY HEART.

I LEARNED HOW TO PREPARE HIS MILK AND FEED HIM FROM A BOTTLE, HOW TO DRESS AND UNDESS HIM, TO BATHE HIM AND DO THE DOZENS OF THINGS NECESSARY TO EVERY BABY. I NURSED HIM THROUGH CHICKEN-POX AND MEASLES AND SPENT MANY AN UNEASY NIGHT BY HIS BEDSIDE. THEN I ADOPTED HIM—IN A PERFECTLY LEGAL, PERMANENT WAY.

I'VE BROUGHT HIM UP FROM INFANCY. HE IS STRONG AND HAPPY. I HAVE DONE FOR HIM THAN ANYONE ELSE HAVE DONE. I LOVE HIM AND HE LOVES ME. HE'S MINE! HEAVEN OR EARTH THAT CAN HE I GIFT!

## The First Thunderstorm

WONDERS WHAT THESE FLASHES OF LIGHT AND RUMBLING NOISES ARE

IT'S LOTS OF FUN—MAYBE IT'S A THUNDER STORM, HE HEARD DADDY TALKING ABOUT ONE

HOW PRETTY THOSE FLASHES OF LIGHT ARE, HE CAN SEE EVERYTHING IN THE NURSERY

HELLO THERE'S MOTHER AND DADDY OUTSIDE HIS DOOR WONDERING IS HE FRIGHTENED, WHAT'S THERE TO BE FRIGHTENED AT?

WHOOPEE! THAT WAS A BANG! MADE THE HOUSE SHAKE LIKE DADDY WHEN HE'S MAD

HERE'S MOTHER AND DAD RUSHING IN SHUTTING WINDOWS

WHY DON'T THEY CLAP AND LAUGH WITH HIM AT ALL THE NOISE, THEY DON'T SEEM TO GET ANY FUN OUT OF IT

SAY THEY'RE GETTING ON HIS NERVES, THEY ACT SO JUMPY AND QUEER

WELL IF THEY'RE GOING TO BE SCARED HE MIGHT AS WELL BE, TOO

(Copyright, 1927, by The Bell Syndicate, Inc.)

## ELLA CINDERS

BLUE MONDAY!  
And Ella's lawyer, the eminent U. G. Stryker, is out so maybe it's blue for the prosecution in Ella's trial on a charge of stealing the Spooner-style pearls—Mrs. Spooner herself is on the stand.

YOU SAY YOU ENGAGED THE DEFENDANT—AS YOUR PERSONAL MAID—THEN YOU TRUSTED HER ENOUGH TO PLACE HER IN CHARGE OF YOUR PRICE-LESS PEARLS—DID YOU HAVE REASON TO DOUBT HER HONESTY?  
NEVER!

MR. ALLUP—THE PROSECUTOR—URGED ME TO DO IT—HE SAID IF SHE WAS INNOCENT, THE JURY THIS MORNING WOULD FREE HER! I KNOW HE BELIEVES THAT THE UNDERSTOOD HER? I NEEDED A CONNECTION AS AN OBJECT LESSON AND I CONCLUDED THAT IF THE THING WERE ONLY HUSHED UP PEOPLE WOULD ALWAYS BELIEVE HER. I REALLY GUILTY! SO I WENT AHEAD TO PROVE HER INNOCENCE!

ONE MORE QUESTION, AND I AM THROUGH—YOU KNOW THAT SOME UNKNOWN PERSON DEPOSITED CASH BAIL FOR MISS CINDERS—WHO WAS THAT PERSON?

I WAS!

## WINNIE WINKLE, THE BREADWINNER

YOU FOLKS BRING EVERYTHING OUT HERE AND SET IT ON THE SIDEWALK AND I'LL PACK 'EM IN THE CAR!

HEY WINNIE, DIDJA PUT MY BASEBALL GLOVE AND SHIRT IN TRUNKS IN WITH ALL THE THINGS?

DON'T BOTHER ME, PERRY! NOTHIN' DID YOU PACK MY BLUE DRESS AND I HOPE YOU DIDN'T FORGET MY MIRROR AND THE FLY-SWATTER?

GOOD LUCK! I PACKED EVERYTHING IN BUT THE KITCHEN SINK!!!

WELL, WE'RE ALL SET FOR THE VACATION, FOLKS! LET'S GO!!

7-25

By Gene Byrnes

## MOON MULLINS

MURMUR! THAT FARMER WHO OWNED THE CHICKEN YOU RAN OVER WITH MY CAR IS HERE AND HE'S SINGIN' BANGING HIS HEAD AGAINST THE HOUSE BEFORE HE RECOGNIZES IT AND WAS US ALL PUT IN JAIL.

WELL, HE HAS GONE AT LAST! THANKS GOODNESS. YOU MAY SERVE SUPPER NOW.

FEVER SAKES!

**PRODUCTION FAIRLY STABLE**  
California Shows Little Change  
Height Field Holds Practically Even  
Beach Variation Negligible Amount

California's production of oil has remained fairly stable during the first half of the year, according to the latest figures from the California Petroleum Producers' Association. The production of oil in California during the first half of the year was 1,000,000 barrels, compared with 1,000,000 barrels during the same period last year. The production of oil in California during the first half of the year was 1,000,000 barrels, compared with 1,000,000 barrels during the same period last year.

**TAMPICO FIELD EXPORTS SLUMP**  
June Figures Show Drop of 350,000 Barrels  
Terrific Rains Attributed as Principal Cause  
Better Showing Expected for Month of July

TAMPICO (Mex.) July 24. (Exclusive)—Mexican oil exports last month again showed a decline, according to figures just made public, the loss from the preceding month being more than 350,000 barrels. The terrific rains which paralyzed oil-field operations for more than two weeks undoubtedly were largely responsible, however, and it is probable that this month's exports will resume the upward swing begun in May.

**KENNEDY MINING FINISHES SHAFT**  
Vertical Depth of 4764 Feet Said to be Record  
Company Reported as Milling 300 Ore Tons Daily  
Adjoining Argonaut Incline Running Close Second

SACRAMENTO, July 24.—The Kennedy Mining Company has completed its vertical shaft to a depth of 4764 feet, said by local engineers to mark the deepest workings of any gold mine in the world. New levels are to be opened and drifts sent out to develop extensions of the giant veins exposed in the upper workings. The company is milling 300 tons of good ore daily and has added a re-grinding department with a daily capacity of 100 tons to the plant.

**COMANCHE MINE EXPANDING**  
Los Angeles Mining Company Adds to Holdings in Mono County by Purchase of Ten Claims  
The main working cross-cut mining and transportation tunnel, Mr. Palmer states, is now in a distance of 3600 feet from its portal, and is being advanced at the rate of nine feet per day. Within 600 feet more this tunnel should reach the famous Karrik ledge. Upon making this connection an upraise of 780 feet will be made to reach the bottom of the 850-foot Karrik shaft, opening up the ore body from the surface to the tunnel level, a depth of 1800 feet, giving a new avenue for mine operation, and greatly improving mine ventilation.

**ACTIVITY AT WICKENBURG MINES TOLD**  
Tonopah-Belmont Plant Shipping; Work to Begin Soon on Groom Shaft  
WICKENBURG (Ariz.) July 24. (Exclusive)—Regular shipments of concentrates are being made from the mill of the Tonopah-Belmont Company, south of the old Groom mine, All water-supply troubles appear to be at an end. In the same district development work is proceeding on the Groom shaft, which is being sunk to a depth of 1000 feet. The shaft is being sunk by the use of a 40-horsepower compressor for deeper sinking operations.

**CRISIS NEAR AT WILDCAT HOLES**  
Something Definite Due Soon on Two Projects  
Third Attains Production But Mishap Intervenes  
Test Expected Next Week of Wells in Sealiff

Something definite is in the way of a new field being opened up in California in the next two weeks. In two different localities wildcat operations have reached the critical stage where they are just about ready to find whether they have or have not, and in still a third, where production actually has been obtained, but a mishap has intervened, and the operations are being held up.

**ELEVEN RIGS IN OPERATION**  
Hospah-Seven Lakes Area in New Mexico Active  
Midwest Refining Company Has Three Outfits  
Discovery Well Regarded as Unimportant

THORAN (N. M.) July 24.—Activity continues in the Hospah-Seven Lakes district of McKinley county. Eleven strings of tools are operating in that district at present or are making arrangements to get started within a short time. This is considering only those who are actively going after production and leaving out those who are validating or have an acreage or stock-selling objective. The Midwest Refining Company has three rigs going, the Producers and Refiners, one; as have also the Continental, the Inland, Williams-Staplin, Reilly, Dymond and the Ohio. The latter will have two more going before long. Benedum-Trees also will be drilling again in a short time.

**GASSER BLOWS IN AT ARTESIA**  
Interest Suddenly Revives in Eastern Eddy  
Gauges 11,700,000 Feet Gas With Tools Stuck  
Spray of Oil Starts After Flowing Two Days

ARTESIA (N. M.) July 24. (Exclusive)—Interest in the eastern Eddy county area was suddenly revived Saturday when the Texas Production Company, Robinson No. 1 well in Sec. 18, T. 18-N., R. 10-E., immediately after the gas was blown in the hole. Efforts to dislodge the tools have thus far been unsuccessful.

**TRIAL RUN MADE OF QUICKSILVER MILL IN ARIZONA**  
GLOBE (Ariz.) July 24. (Exclusive)—An experimental run has been made of the plant of the Arizona Quicksilver Company, in the Northern Mountains, about eight miles northwest of Globe. The main feature of the equipment is a great revolving roaster, one brought in for manufacture of cement for the Roosevelt Dam and later in cement works built near Phoenix. The degree of success attained has not been reported by the management.

## TWENTY-WELL CONTRACT LET

Award Second Largest Made  
in New Salinas Field

National Petroleum Control  
Backing Enterprise

Action Expected to Revive  
Interest in Area

TAMPAICO (Mex.) July 24. (Exclusive)—The largest drilling contract awarded for work in the new Salinas oil field, near here, has been signed, when National Petroleum Control Administration's well, a twenty-well drilling program to the Latin American Construction Company. It is the second largest contract ever signed between the two companies, the first calling for twenty-five wells was awarded, last year.

Much impetus is expected to follow in the Salinas field following the announcement of the contract. Interest has been lagging in the section because of drilling in several dry holes.

It is understood that most of the wells will be drilled in the five-kilometer section from Glarin toward Tampico. The wells, says the contractor, will be completed within ten or twelve months. They lie along the right of way of the Mexican National Railways on the San Luis Potosi division.

Several wells producing as high as 30,000 barrels have been discovered recently in the new location. Locations for half a dozen of the twenty have been made, it was said. The drilling contractor intimated that work might be extended beyond the extension of the new field toward Tampico, which would mean semidwelling activity.

## RARE MINERALS, METALLURGY, CHEMISTRY

Qualitative analysis will be given in this department of all minerals, metals and alloys. The work is done in a modern laboratory equipped with the latest apparatus and the most experienced chemists.

Quartzitic Rock  
LOS ANGELES, July 8.—Question: Please analyze the samples for gold and silver. They come from Tulare county, California, twelve miles from Porterville.

Answer: The samples carry more or less silver-gold, and there is no silver known to mineralogists present. For other gold and silver values they are politely referred to assayers.

Sulphides  
KANSAS, July 3.—Q: Inclosed find two samples marked No. 1 consisting of float found in a canyon about three miles from Elmore. I am sorry that I could not send larger samples. Is silver present? No. 2 comes from a ledge one mile from No. 1 location. It seems to be mostly of iron, however, am submitting same for your analysis. Thanking you for past favors.

A: The small thumb specimens of No. 1 carry pyrite, pyrochroite, iron sulphate, a trace of galena, and no silver of mineralogy is present. No. 2 seems to be of iron oxides (limonite and hematite) and it pans no free gold.

Decomposed Mica Schist  
VAN NUYS, July 4.—Q: Am sending you a sample of ore under separate cover; would like to know what it is; whether it has any value, and what it could be used for. Thanking you for any information you can give me regarding same.

A: The schist carries no free gold, and the commercial value of such mineral is problematical.

Asbestiform Tremolite  
LOS ANGELES, July 4.—Q: The inclosed sample comes from Riverside county, California. Please classify this mineral and state what such mineral is worth commercially.

A: It is of doubtful commercial value, it is of brittle fiber, and spotted with dendritic manganese mineral.

Sulphides  
LOS ANGELES, July 5.—Q: Sample from Olancha locality. Analyze it for commercial values.

A: The specimen carries copper, (chalcopyrite and bornite), blende, pyrite, arsenopyrite, boron, or less.

## Comparison of California's Daily Oil Production

District	Week ending July 22, 1927	No. of Wells	Week ending July 24, 1927	Average for Week of July 24, 1927	No. of Wells	Week ending July 25, 1927	No. of Wells
Long Beach	92,000	681	92,000	680	107,000	789	106,500
Midway-Sunset	80,500	2,987	80,000	2,986	94,000	2,946	101,500
Huntington Beach	71,000	547	71,500	548	43,800	353	44,000
Seal Beach	50,000	115	60,000	106	.....	.....	.....
Santa Fe Springs	41,500	333	41,500	335	40,500	331	32,000
Ventura Avenue	37,500	76	37,000	77	42,500	64	17,000
Inglewood	33,500	220	34,000	219	48,000	195	104,000
Torrance	23,500	655	23,500	654	20,000	641	35,000
Dominguez	15,000	77	18,000	77	30,000	70	28,500
Rosecrans	9,000	117	9,000	118	16,500	126	20,000
Balance of State	149,000	5,433	150,000	5,435	162,500	8,787	155,000
Total for State	620,500	11,241	622,500	11,235	612,500	11,323	603,500

found, and free gold absent. It would be well to have similar ore assayed.

A Mixture  
WELDON, July 5.—Q: Please analyze the ore samples. Send your bill for whatever it amounts to, and oblige.

A: This department is paid for by The Times, and no charges are made for analyzing rocks, ores, earthen minerals. Your sample is milk-white quartz carrying iron, manganese, zinc and traces of microscopic tourmaline.

Native Gold Present  
WEEPAH (Nev.) July 5.—Q: Any free gold in this sample. Local.

A: The sample is full of microscopic gold nuggets.

Not Mineral  
SAN JOSE (Cal.) July 5.—Q: About two years ago I visited a daughter in Southern Oregon. She had just dug a big lump of the inclosed out of her garden. Years ago a creek or river probably ran along that part of the country. The metal that looks like lead in the specimen was joined to the entire lump, but got knocked off. Please classify and analyze the substance.

Mrs. X.  
A: The sample does not resemble mineral matter; it is a mixture of metallic lead with some zinc. One can see fragments of charcoal in it. It is probably a mixture thrown away by a prospector making field assays, or, perhaps, droppings of solder used on galvanized iron.

"Weepah Gold."  
LOS ANGELES, July 6.—Q: The samples were taken and numbered from a claim purchased at Weepah. It is not contended that this is the \$95,000-per ton ore that made Weepah, but it is near enough to the "Glory Hole" to make myself and friends purchase said claim. You have favored the writer before, and I sincerely hope that find this to be worth \$90,000—you keep it!

N. Y. C.  
A: The partitions separating samples must have received a big job in transit. The pins between the specimens and card-board were all muzzed up with tags, postboard, and numbers. All of the samples were made into pulp, properly sampled and tested with the result that a little flour-gold was obtained. The specimens are decomposed pegmatite rock chiefly; probably of granitic nature, and mostly quartz with altered feldspar. The writer met the gentleman named by you many years ago at one of the clubs, and the Federal Trust Company, N. Y. C.

Arsenical  
CHLORIDE (Ariz.) July 7.—Q: Under separate cover am sending you a specimen of rock that has all of us guessing; no one can place it. In sinking a shaft it came in at eighty feet and about five feet wide. It assays 8.15 gold, but what is the rest of it. You helped men in the past, asking help in analyzing.

A: The metallic mineral sample is arsenopyrite, (mispickel).

Not Kaslin  
CHAMBERS (Cal.) July 7.—Q: Three samples all from Navajo mining district; may be same as others I sent, but from different deposits. Would appreciate information as to their value and classification.

J. A. M.  
A: The white sample comes under the great number of substances referred to as "Volcanic Ash"—a rather elastic expression—To fully determine call for a big lot of analytical work. Sample No. 2 you refer to as "My partner" may have burned this sample. It is Jasper mixed with obsidian and other volcanic matter. Sample No. 3 is partly corundum schist, it carries traces of brown microscopical pyrochroite, microscopic flake titaniferous iron, and flake platinum is not present.

Sulphide Ore  
LOS ANGELES, July 8.—Q: Would you kindly let me know what minerals you find to be contained in this sample? It is from the section east of San Diego, near Tecate.

B.  
A: It is a mixture of pyrite (iron disulphide) and black sphalerite (zinc sulphide, or blende.)

Altered Rock  
LOS ANGELES, July 10.—Q: Will you please assay this piece of ore and let me know the contents of same. This ore was found just north of Barstow, Cal., in the old silver country.

K.  
A: It is outcropping, altered rock. It carries lime, argesia, manganese, iron, calc tuff, and traces of microscopic pyrite. Fine assays for gold

## Operations in Kevin-Sunburst Area Reported

SHELBY (Mont.) July 24. (Exclusive)—Eleven new wells have been started in the Kevin-Sunburst field within the past ten days, three completions are also reported. The largest is the Diamond T-Rice-Woods, put under control to await tankage, after the oil rose to the top. A good producer is expected in this well.

A new well of the Adams-Haskin Company, No. 11, is estimated at 250 barrels. It also is under control. The Marmar-Stannard Company No. 8 is under control and promises commercial production.

The California Loreson Company No. 11, first listed as commercial, has been plugged and abandoned.

## Southwest of Texas Leads in New Gas Wells

SAN ANTONIO (Tex.) July 24. (Exclusive)—Southwest Texas leads the entire State of Texas in the number of gas wells brought in during the first six months of 1927, with a total of eighty-two completions as compared with sixty for the North Central Texas counties, thirty for the Panhandle and thirteen for the rest of the State. These figures are shown in the summary for the first half of the year and month of June of reports filed with the oil and gas division of the Texas Railroad Commission.

No reports are made to the Railroad Commission of the estimated volume of the gas from each well, but from other sources it is learned that the total volume of the gas wells completed in Southwest Texas for the first six months of 1927 was close to 3,000,000,000 feet and it is not believed that this record was equaled in any other part of the State.

POLICE JUDGE WEDS  
POLICEMAN'S WIDOW

STOCKTON, July 24. (Exclusive)—Police Judge Cecil S. Johnson and Virginia Lee Herod were married in Jackson, Amador county, Saturday, it was learned here yesterday. The bride is the widow of a former police officer who died two years ago of injuries received during the World War. She has been employed in the City Hall for the past year.

STOCKTON, July 24. (Exclusive)—Police Judge Cecil S. Johnson and Virginia Lee Herod were married in Jackson, Amador county, Saturday, it was learned here yesterday. The bride is the widow of a former police officer who died two years ago of injuries received during the World War. She has been employed in the City Hall for the past year.

## WILDCAT WELL TO START SOON

Site Chosen on Espee Line at Serape Station

Machinery Reported Ready for Installation

Strong Mid-Continent Concern Backing Project

PHOENIX, July 24. (Exclusive)—Oil-well machinery costing \$85,000 is reported to have arrived at Serape Station on the Southern Pacific, four miles south of Chandler, with inclusion of a 110-foot derrick. J. J. Rayburn, in charge, states that the wildcatting will be done by "one of the strongest units of the Mid-Continent Oil Association." The location has been approved by Geologist Raymond Hughes. An oil sand is declared to have been penetrated for two feet in the near-by railroad well, at about 1400 feet of depth, but it is proposed to drill for an expected deeper sand.

Drilling has been resumed at the Sunshine well, east of Flagstaff, following receipt of a carload of twelve-inch casing, to shut off quicksand found at 215 feet. Los Angeles capital is reported preparing to drill in the same section, following favorable report by Edward C. Ryan, geologist. The site is to be six miles west of the Sunshine. At the head of the new syndicate is Frank A. Gillespie, who built the Gillespie dam on the Gila River, fifty miles from Phoenix.

## New Issue

This offering is confined to dealers duly registered under the laws of this State.

# \$2,700,000 City of Bogota (REPUBLIC OF COLOMBIA)

Power and Light Consolidation Loan of 1927  
Twenty-Year External 6 1/2% Secured Sinking Fund Gold Bonds

Dated April 1, 1927 Interest Payable April 1 and October 1 Due April 1, 1947

A cumulative sinking fund commencing October 1, 1927, operating semi-annually, is calculated to retire the entire issue by maturity through purchases in the open market below par or drawings at par.

Redeemable as a whole or in part on any interest payment date upon thirty days' notice at par and accrued interest. Coupon bonds in interchangeable denominations of \$1,000 and \$500, registrable as to principal only.

Authorized \$5,000,000. To be presently issued \$2,700,000. Principal and interest payable in New York City at the principal office of Central Union Trust Company of New York, Trustee, in gold coin of the United States of America of the present standard of weight and fineness, without deduction for any taxes, present or future, levied by the Republic of Colombia or by any taxing authority therein or thereof.

Senor Dr. Piedrahita, Mayor of Bogota, summarizes as follows his letter to us dated July 11, 1927

Bogota is the capital and largest city of the Republic of Colombia. It is the educational, commercial, industrial and banking center of a large surrounding territory in the highland plateau. Important railroad extensions now under construction will greatly improve and extend the City's transportation facilities and further its growth and prosperity. The present population exceeds 200,000.

Purpose The proceeds of this issue will be used by the City to reimburse itself for the purchase of controlling interest in the two electric light and power companies serving the City.

Electric Light and Power Companies These two electric light and power companies, Electric Power Company of Bogota and National Electric Light Company, are in process of consolidation into a new company, United Electric Power Company, Inc., which will have a monopoly of the electric light and power business in the City of Bogota. This consolidation is expected to effect substantial economies and increase the earning power of the new company. Its management will be vested in a Board of Directors chosen in a manner designed to insure continuance of the present efficient private operation and management.

Security These bonds, in the opinion of counsel, will be the direct obligations of the City of Bogota and will be specifically secured:

(1) By a first lien on a majority of the shares, and dividends thereon, of the United Electric Power Co., Inc., (pending consolidation, a majority of the shares of each company to be merged will be pledged);

(2) By a first lien on the City's participation in taxes of Department of Cundinamarca of liquor, slaughter, tobacco, and consumption of fermented drinks, and on other City revenues;

## WHAT'S DOING Today

Southern California Manufacturer's Exhibit, Southwest Building, South Broadway, Daily, 9 to 5 and all welcome.

Woman's City Club meeting, Morocco Theater, 744 South Broadway, 1 p.m. Dr. Ralph L. Power will speak on "Radio Legislation and Censorship."

## MRS. M'PHERSON DEMANDS RULE

Evangelist Makes Move to Solidify Temple

Clash With Mother Laid to Business Only

Three Meetings Appear to Favor Leader

(Continued from First Page)

turning to the temple flock. His first reason was the indefinite conclusion of the preliminary hearing of Mrs. McPherson on conspiracy charges growing out of her sensational disappearance and reappearance last year, which have never met with a jury trial and complete legal vindication of her name and character.

His second point was opposition to the present administration of the temple finances. He said church members contribute money to the church, but have no voice in administration of the funds. He asserted in his third point that Mrs. McPherson had transgressed against the "Cruiser Covenant" and against her former public statements and demand on applicants for church membership to refrain from entering a theater or other worldly place of amusement and has considered making a motion picture.

HER BOBBED HAIR

On his fourth point, he said: "We could in no way reconcile the high standard of Christian etiquette as was formerly set forth and taught by Amos Temple McPherson with her present and coming activities in obtaining publicity and taking with her on her tours newspaper officials and in posing before the news cameras in stylish and expensive dresses, with being photographed with bobbed hair, after having made the statement that she would not cut her hair as long as she lived." He said that she had been preaching prophecy according to the Scriptures, with her head covered and her hair in given for a covering.

As his fifth reason, he said he had warned Mrs. McPherson against these asserted indiscretions and that he met with meeting refusal and charged that she wrongly accused him of private ambitions and a desire for rulership of the temple.

Mrs. McPherson preached one of her old-time sermons last evening, the again made no mention from the pulpit of the reported differences between herself and her mother, and in Los Angeles and devote herself to the congregation for the present.

With the coming of warm weather, springs show great increase in activity.

## FISHING FOR VOTES REALITY REALTY DEALER TAKES OWN LIFE

Flapper's Office Hangs on Her Luck

W. H. Scheinman Forestalls Fatal Malady

Despondent Over Hopeless Case, He Uses Gun

Associate of Sam Seelgman in Business Here

Worry over illness from which his physician had told him he could not hope to recover was assigned by the family as the reason for the suicide of William H. Scheinman, 48 years of age, Los Angeles realty man, who shot himself early yesterday morning at his home, 299 Gower street.

He arose about 7 a.m., according to Mrs. Scheinman, and immediately rushed out to his front porch, holding his head and crying, "I can't live! I can't live!" He then ran into the house, entered the bathroom and an instant later his family heard the fatal shot. Death was instantaneous.

Although he is known to have been depressed over financial reverses recently, according to relatives, he appeared to be unusually cheerful when he retired Saturday night. Detective Lieutenant Weir investigated and sent the body to the morgue.

Residues and San Francisco leaves two children, a son, Robert, and a daughter, Mrs. Ruth Lieberman, both of Los Angeles. He also had a brother, William, living in Detroit. He was born in Pittsburgh and came to Los Angeles about seven years ago.

For the last year he had been associated with Sam Seelgman in the real-estate business. He was the associate of Dep. Dist. Atty. Scheinman.

**EX-JULIAN HEAD IN EXPLANATION**

(Continued from First Page)

time it was a question of working it out to a successful end, so that our investment could be realized on both Bennett's investment and my own was sufficient to justify us in working without salary, which was the case.

(4) Of the \$67,000,000 worth of checks in the grand jury room, there is not a check drawn on the personal account or for personal bills of either Jack Bennett or C. C. Lewis. There are less than \$350,000 of the checks payable to S. G. Lewis and of this \$350,000, Bennett received \$250,000 over to the Julian Petroleum Corporation and bear the Julian Petroleum Corporation endorsement. The disbursement of \$67,000,000 accounted for by Bennett's checks shows that the source from which the money came is short to the extent of about \$350,000.

In other words, Bennett's records account for \$25,000,000 more than he is shown to have received from loans, or from the sale of stock, or from brokers.

Bennett's records show that practically every share of stock which was sold was sold through brokers in Los Angeles and San Francisco and not through Bennett's individual office or the transfer department.

(5) The records of A. C. Wagy & Co. show that more than \$50,000,000 was advanced by Bennett and myself to A. C. Wagy & Co., Inc., more than was withdrawn from A. C. Wagy & Co., Inc. in payment of stock both from A. C. Wagy & Co., Inc. and by other brokers. This is shown in the auditor's reports now in the hands of the receiver.

**GRAND JURY PROOF**

(6) The contracts, repurchase agreements, loan agreements and checks in my possession show in excess of \$60,000,000 to have been paid out in various interest and bonus loans. There never was, and the grand jury records will show that there never was a deal in Los Angeles between Bennett and myself on a basis of fifty-fifty. As a matter of fact, the uncontroverted record of the grand jury show that my personal cash losses were in excess of \$60,000,000, taking into consideration that which was advanced to the receivers for the benefit of the Julian stockholders. In other words, there has never been a piece of real estate, or stock, or personal property of any kind or description, or any transaction in Los Angeles, in which I was a partner with Jack Bennett, either by verbal or written agreement. There are less than half a dozen stock transactions in New York, in which we were jointly interested. Not one in 1927. Bennett was an employee, and so regarded.

(7) After Bennett's departure for New York and I took possession of his records and employed auditors to audit them, I did so upon the assumption that his transactions were on a basis of fifty-fifty, and of what the aggregate amount was found to be.

## PRINCIPAL IN LAST PAGES OF TRAGEDY

Dr. W. J. Sullivan

## FINAL TRIAL IN RAYMOND DEATH CASE

Dr. Sullivan Scheduled to Appear in Court Today; Continuance Possible

Writing of the final chapter in the tragedy growing out of the death of Ray Raymond, song-and-dance man, is scheduled to be started this morning in Judge Craig's court, when Dr. W. J. Sullivan is due to appear for trial on a charge of concealing facts in connection with Raymond's death.

While the trial is on the calendar for today, it might be that a continuance will be made, owing to the mass of other business before the court.

Dr. Sullivan was jointly indicted with Dorothy Mackaye, wife of the dead man, but they were granted a severance of trials and Miss Mackaye was found guilty of the charge in Judge Burwell's court June 28, last, and sent to jail.

Dr. Sullivan will be the third defendant to come before the court as an aftermath of the death of Raymond, who was asserted to have died of injuries received in an altercation with Paul Kelly, cinema juvenile, and asserted sweetheart of Miss Mackaye. Kelly was found guilty of manslaughter and sent to prison.

Miss Mackaye and Dr. Sullivan were jointly indicted for the asserted altercation between Kelly and Raymond and the resulting death of Raymond.

Dr. Sullivan was said to have received a \$500 fee for attending Raymond after the asserted brawl between the song-and-dance man and the cinema actor.

MONUMENT OF EGGS  
To call attention to the \$16,000,000 poultry business in Massachusetts, the United States exposition in Springfield next fall a representation of the Bunker Hill Monument, 18 feet high, built entirely of eggs.

around the world are similarly selected.  
The result—both domestic and foreign—is a banking service in which accuracy, speed and forward-looking service predominate.

This organization together with its correspondents throughout the world constitutes a piece of banking machinery more efficient in operation as to time and service than any other in its field can possibly be.

President, Pacific-Southwest Bank, Executive Vice-President, First National.

## BOY TO BE SENTENCED AS SLAYER

Wittenmeyer Scheduled for Appearance Before Judge Bowron Today

Durward Wittenmeyer, 16 years of age, convicted slayer of Mrs. Fannie Weigle, Pomona matron, is scheduled to stand before Judge Bowron this morning on a charge of second-degree murder, of which he was pronounced guilty last Thursday after a jury had deliberated more than fifty-five hours on his fate.

Inasmuch as it is contrary to the policy of the Public Defender's office to appeal from Superior Court decisions, it is considered likely no appeal will be taken from the judgment hanging over the boy, unless private counsel is employed to take such action.

Young Wittenmeyer has not expressed himself as being dissatisfied with the verdict. He has said, however, that he would like to undergo an operation on the brain designed to cure him of having the "fool notions" he declared were responsible for his clubbing Mrs. Weigle to death May 28, last, with a broken spring leaf from an automobile.

Attorneys for the boy sought to prove he was suffering from temporary insanity at the time of the murder, and it is considered probable Judge Bowron will recommend the boy be given special attention during the time he is in San Quentin. If at any time during his term it is considered necessary, he will be transferred to a State institution for the treatment of mental cases, it was said.

The case was prosecuted by Dep. Dist. Atty. Fisher and Clark, while Wittenmeyer was represented by Public Defender Aggeler and Deputy Public Defender Davis.

## OIL FRAUD CHARGES UP TODAY

Two Face Arraignment on Accusation of Unlawful Use of Mails

R. Frank Wood, president of the Invader Oil Corporation, which operated thirteen oil syndicates in Oklahoma, Arkansas and Texas, and J. L. Norcross, an official of the same organization, are scheduled to appear in Federal Judge James' court today and enter pleas to mail fraud charges made against them in connection with the promotion of the oil companies.

The Invader syndicates operated about three years ago and are asserted to have sold stock to some 1500 Southern Californians. Thirteen members of the organization were indicted two years ago and after a long fight the case was removed to the local Federal courts.

Attorneys for the defense have notified Deputy United States Attorney Simpson, in charge of the prosecution, that they intended today to enter a motion to quash the indictments, a plea in abatement and demurrers, actions all calculated to end the charges against the defendants.

If the various motions are denied, actual trial of the case is scheduled to begin in Federal Court here on September 20.

## MR. AND MRS. BRYANT HAVE GOLDEN WEDDING

Mr. and Mrs. O. G. Bryant of 312 West Forty-first street celebrated their golden wedding anniversary yesterday with a family party at their home. Present were about twenty of their children, grand children, great-grandchildren living in Los Angeles and San Diego. Mr. and Mrs. Bryant have been Los Angeles residents since 1894.

## The Policies that direct BANKING RESOURCES of 327 MILLION DOLLARS

DEVELOPING FOREIGN TRADE  
While contributing to the development and production of agricultural California and the larger area of the Pacific-Southwest, this Banking Group recognized that growing production must find a market overseas.  
Our Foreign Department leads in development and financing of foreign trade in the Pacific-Southwest.  
Our correspondent banks throughout the United States owe this relationship not to accident but to our study and choice of the banks able to give preferred service to their particular territories.  
Our correspondent bank relations

around the world are similarly selected.  
The result—both domestic and foreign—is a banking service in which accuracy, speed and forward-looking service predominate.  
This organization together with its correspondents throughout the world constitutes a piece of banking machinery more efficient in operation as to time and service than any other in its field can possibly be.

President, Pacific-Southwest Bank, Executive Vice-President, First National.

## FAITH DECLARED VITAL CHRISTIAN LIFE FACTOR

**Dr. Hurlburt in Radio Sermon Says  
It Will Conquer Every Foe  
of Right and Truth**

Emphasizing the fact that true faith is not merely a matter of belief but a vital factor of Christian life, Dr. Charles E. Hurlburt, superintendent of the Bible Institute of Los Angeles, preaching yesterday from The Times broadcast station, told his audience that one of God's best gifts to man is the sublime faith which conquers every foe of right and truth. Dr. Hurlburt spoke in part as follows:

"Paul tells us that faith is the gift of God, and God's gifts are good and perfect. Our limited vision and understanding make it difficult for us to understand the difference between God's gifts, and the gifts of men. He gives a peace which the world can neither give nor take away."

"If I were to ask you to invest your money in a business enterprise, and you should answer, 'I would like to invest money in your enterprise, but I have no faith in it,' I would say to you, 'Come with me, let me show you some facts which can be proved.' I would show you the stock of our company; I would take you to the recorder's office and show you the deeds to the property; I would take you to our accounting department and show you the costs of the conduct of the business, the overhead charges, the gross and net profits for the past year; and when you had seen and known everything concerning the business of the past, I would show you the orders we had received and were prepared to fill for the coming year; then when you were satisfied and would say to me, 'Now I am ready to invest in your enterprise, I now have faith in it,' I would say to you, 'I do not ask you to invest, but I have given you faith in the enterprise because I want your faith and your co-operation.'"

**FAITH GIVEN US**  
"In precisely the same way God has given us faith in Himself, a faith for which we can never pay, a faith given us by God in sending His Son to show to us His own worthiness, His boundless grace, His limitless power, His infinite wisdom. His love that passes all the love that mortals know."

"Faith to be effective in human life, must approach maturity. There is a faith which dwells here and there, there is a faith which makes the sinner feel, but fails to reach forward and accept the salvation which drives away all fear and conquers every foe. How shall this maturity of faith be reached? Three conditions are given. Let us, like those who have wrought great things, lay aside every weight, lay aside the sin which gnaws at the root of our manhood, and keeps us forever children, and let us run toward the goal. True greatness is not achieved without sacrifice. Mature faith, like mature physical strength, is gained only through self-discipline."

### NICARAGUAN AFFAIR REVIEWED BY PASTOR

Dr. H. C. Culbertson, pastor of the Plymouth Congregational Church, discussed the Nicaraguan situation in his sermon yesterday morning. He said in part:

"Many persons fail to understand the Nicaraguan situation because they do not realize that Diaz is not rightfully President, but is a usurper, supported by United States Marines against the will of a majority of the people of that country. From 1913 to 1924 Bellman & Co., New York bankers, held a lien on the Pacific Railroad, owned by the Nicaraguan government, a very valuable property, to secure a loan, and our Marines were on duty there all those years. In 1924 Nicaragua paid off the loan, and our troops were withdrawn. Nicaragua held a free election, which resulted in favor of the Liberal party, headed by Sacasa. Mexico recognized the Sacasa government and the chairman of the Foreign Affairs Committee of the United States Senate declared Sacasa was the rightful President. By force Chomora of the Conservative party seized the Presidency, and turned it over to Diaz of that party, who was immediately recognized by the United States government, which sent Marines to maintain him in office against the uprising of the majority party, the Liberals, to recover the power wrongfully wrested from them. Charges were freely made that the United States Charge d'Affaires, Lawrence Dennis, had used the United States influence to put Diaz in power, and that he had a letter from Secretary Kellogg instructing him so to do. We have forever wrecked the friendship with all Latin America which our greatest statesmen have tried to build up unless we repudiate this entire policy."

### GOVERNMENT'S ACTION CRITICISED IN SERMON

Dr. Bruce Brown of the South Park Christian Church preached yesterday on "America's Boast." He said in part:

"It has been the proud boast of the American people that their flag has never been carried by an army of conquest and that it has always meant liberty to people wherever it has floated. We love it because of its glorious history, because it has never been stained by avarice or upheld by the hand of despotism. Today every one dedicated to the ideals of our fathers watches with deep concern the march of events in Nicaragua where American boys have been ordered to suppress a popular government and support an arrogant usurper. Our boys are fighting against the principles for which our fathers sacrificed their all and supporting a despotism far greater than that which brought on the Revolutionary War. With the same disregard of human rights with which the Kaiser invaded Belgium, we have sent our forces into a sister nation when liberty was about to triumph. Unless our people vehemently protest there is to be a black stain on the American flag that will require the blood of thousands to wash out."

### SEES EVOLUTION IN LIFE OF THE SOUL

Rev. Alden Lee Hill, pastor of the Highland Park Christian Church, preached yesterday on "Stories Told by the Master Story Teller." He said in part:

"Jesus used parables so often and so effectively that they have been raised to a real prominence as literary vehicles to carry profound truths. In His parables about 'The Sower' and 'The Tares,' He taught with painful plainness that there are many obstacles hindering the growth of the kingdom; but He followed up with the stories of 'The Mustard Seed' and 'The Leaven,' which declare in no

uncertain terms that the kingdom of heaven will triumph over all difficulties. In these parables, Jesus clearly teaches that the development of the kingdom will come about through gradual growth, as is manifested in the law of life."

### SAYS BEST THINGS ALWAYS COME HIGH

"High Prices" is the subject of a sermon preached yesterday by Rev. W. C. Smith at Amanda Chapel. Mr. Smith said in part:

"Life's values come high, and there are not many who have the courage to risk their all in an out and out Christian life. Yet we know positively that, as a rule, the greater the investment the greater the returns. If a life is invested wisely, if nothing is held back, if we go into a thing wholeheartedly, the returns are beyond our fondest hopes. St. Paul invested his heart and soul in his missionary work. Daniel is the boy's hero because he would give up everything before he would his worship of God. Hudson Taylor, Livingston, John G. Paton, have changed human history because they paid a tremendously high price for the privilege of establishing the kingdom of God in China, Africa and the New Hebrides. The reason there are so many common people is because of timidity in investments."

### TEN DUE TO APPEAR IN RUM CASE

**Six Will Plead Today and  
Four to Have Trials Set in  
Warehouse Robbery**

Ten defendants under indictment in connection with the asserted robbery of the Federal liquor warehouse here in 1925 are scheduled to appear in Federal Judge Henning's court today, six to be arraigned and enter pleas and four to have their cases set for trial.

Those who will be arraigned are Earl, Donald McEne, former prob' l'ion agent under Col. Frith who was recently returned from Honolulu; Bruce Butler, Oswald G. Jones, James H. Lloyd, Robert Davis and Ethel Walsh.

Those who will have their cases set for trial are W. H. Worrall, Sidney Worrall, Frank Buckingham and Elmer Spruill. Joseph W. White and Joe J. Crogan, also indicted in the same case, have already entered pleas of not guilty and their trial has been set for October 4, next.

The warehouse was burglarized by a gang of asserted hi-jackers who overpowered the night watchman and carried away approximately \$500 bottles of liquor. Mr. McEne is accused of providing the raiders with blueprints of the inside of the warehouse. He denied the charge when arrested.

### Father Failing to Keep Family Given Sentence

When Omie V. Smith, 23-year-old automobile mechanic, explained to Municipal Judge Sheldon that he was unable to provide for his three minor children because he could not obtain steady employment, he unwittingly talked himself into a steady job, at least for one year.

The job will last provide the children with \$45 a month toward the cost of necessities of life, Judge Sheldon explained as he sentenced the youthful father to a year on the county road camp.

Smith, according to records produced in the case, left his wife and three children in 1925 to take a position in San Francisco. While he worked there steadily, according to the wife, Mrs. Lucille Smith, 335 South Templeton street, Huntington Park, he failed to send money for the care of his little family here.

Early in June of this year, Smith was arrested on a failure to provide warrant and returned to this city. Superior Judge Bumgarfield gave him a six months' suspended sentence with the understanding that he stay in Los Angeles and support his family.

But the wife complained that he failed to help. After hearing the evidence, Judge Sheldon found Smith guilty and imposed the heavy jail sentence to be served on the road camp.

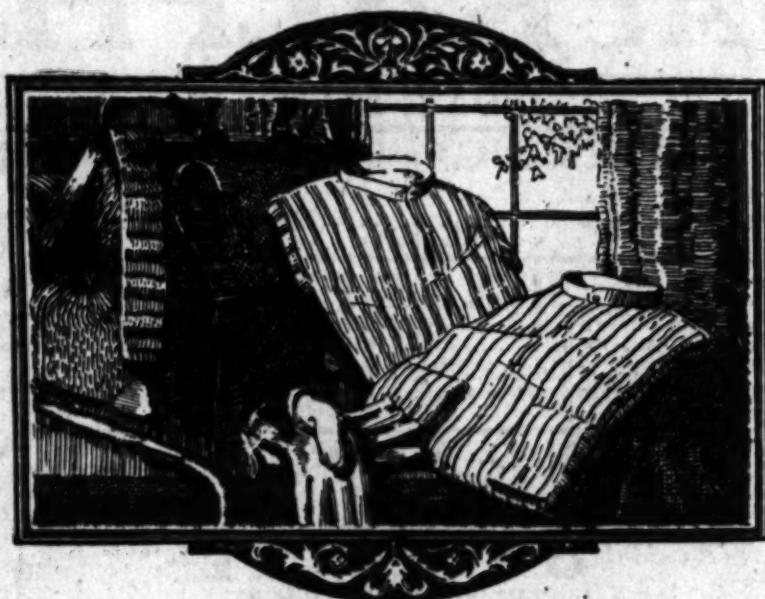

### Last Date for Seventh-Street Protests Set

The City Council has set August 3, next, as the last day for filing protests against the assessments of \$2,432,355 for the proposed lowering of grade and paving of Seventh street from Figueroa street west to Hartford avenue. The project of cutting down the Seventh-street hill has been under consideration by the city for several years.

Under the assessments submitted to the Council by the Board of Public Works, the total damages awarded to Seventh-street property owners resulting from the cutting down of the hill was \$2,162,867. The contract for the grading and paving amounted to \$269,488.

Under the law, assessments for change of grade are collected before the work starts so that the damage can be paid.

**TOO MUCH FOOD BLAMED**  
Too much food for babies lays the groundwork for 80 per cent of the ills of ill age, according to a statement by H. H. Russa, roentgenologist of the Progressive Chiropractic Association convention, which opens here next Monday to continue for a week.

From July 25 to July 29

## Semi-Annual Sale of Manhattan and Coulter Shirts

Broadly speaking, all civilized men dress alike; but the best dressed men wear Manhattan and Coulter Shirts. "Apparel oft proclaims the man," and now that it is possible to get the finest cut and workmanship at extremely moderate prices, it will be well worth your while to investigate. These warm summer days make many shirts a necessity, for to be other than immaculate is inexcusable.

**THE POOR ARTIST**

By the Famous Pathé

While the day has passed which the struggling artist "struggles," by the way, proved painful in the end, more than one respondent of martyr's joy in the end, and, while today's struggle is a beautiful one, the artist still is not all that he desired—at least by the end.

We are referring to the painter, but to the musician, actor and all of these women whose genius, or talent, coupled with hard work, is the temple of art.

Professional people are adequately remunerated for their services. They render their services to the public, and to the artist, in return for their pay, the artist is expected to donate his energy to individuals, or to institutions. The expense of those claiming such services is based on the expense of the artist is "naturally" great, that, having received from the artist, he should be able to share with those less fortunate than he.

While it is true, in some cases, that the artist is "born," it also is true that the artist is made. The artist is made of success by the artist, and the artist is made of success by the artist, and the artist is made of success by the artist.

No one would think of a shoemaker to make shoes for a church congregation, or a club merely because the shoemaker knows the art of shoes, nor of expecting a shoemaker to provide food for a church, or a club merely because the shoemaker knows the art of shoes, nor of expecting a shoemaker to provide food for a church, or a club merely because the shoemaker knows the art of shoes.

This same attitude toward the artist is prevalent with the members of organizations of the artist. The artist is made of success by the artist, and the artist is made of success by the artist, and the artist is made of success by the artist.

No one would think of a shoemaker to make shoes for a church congregation, or a club merely because the shoemaker knows the art of shoes, nor of expecting a shoemaker to provide food for a church, or a club merely because the shoemaker knows the art of shoes.
